Unlike other books on retailing, Specialty Shop Retailing is aimed at the reader who has a dream of opening a store, but little background in this type of business. The book takes into account the fact that their motivation is often not primarily monetary, but rather the intangible benefits of creating your own business and working with people and products that you love. This new and improved 3rd edition includes material about selling on the Internet, including eBay storefronts; online marketing and customer service improvements; and changes in the retailing field, such as competing with big box retailers and the demise of the sales rep system.

O comportamento do consumidor já foi pauta de muitas discussões, mas com o crescimento de lojas de autosserviço, mercados saturados e clientes cada vez mais exigentes, o design cuidadoso e científico do ponto de venda tornou-se um fator crucial para o sucesso de varejistas e empresas de serviços. Design de loja e merchandising visual busca trazer sugestões práticas sobre como otimizar o design de lojas e ambientes de serviços para aumentar a satisfação do cliente e, claro, as vendas. Apesar do foco ser a aplicabilidade dos conceitos discutidos, a obra não deixa de lado a teoria sobre o consumidor e a pesquisa psicológica.

Diferentemente de outros títulos escritos por artistas, arquitetos e designers de interiores, trata-se de um livro de marketing, com pesquisa sólida e alicerçada em artigos acadêmicos. Ao concluir a leitura, você terá aprendido como os consumidores circulam pela loja, como procuram os itens e como é possível fazer com que encontrem os produtos que você quer que eles vejam.

Aprenderá também a provocar emoções no consumidor por meio de cores, aromas e música e tornar a compra memorável e divertida com a criação de experiências únicas para seus clientes.
