Diagraming enables students to gain a better understanding of sentence structure and parts of speech. Each lesson describes the specific structure under study, gives examples, and provides sentences for diagraming practice. Students are then challenged to generate their own sentences to fit the models. Even teachers unfamiliar with the diagraming process will find this step-by-step format easy to follow and use to instruct students.

This text addresses the problem of the overuse of standardized testing. It argues that so-called test-based reform has given rise to the "cram curriculum" and turned schools into test-prep centres. Overlooked are teachers, who observe students, and are the primary source of information on learning.

Reading Skills, Grades 3 to 4

The bestselling classic that redefined our view of the relationship between beauty and female identity. In today's world, women have more power, legal recognition, and professional success than ever before. Alongside the evident progress of the women's movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an obsession with physical perfection that traps the modern woman in an endless spiral of hope, self-consciousness, and self-hatred as she tries to fulfill society's impossible definition of "the flawless beauty."
