"Mining exploration investment in the Latin American and Caribbean region has increased 130 percent in the last five years, a figure which increases to 500 percent, if Chile is excluded." Governments have revamped mining legislation to enable private investment while becoming more sensitive to environmental factors. In light of this legislation, this report examines the environmental effects of artisanal, small, and medium mines in three Latin American Countries: Bolivia, Chile, and Peru. Four of the most important elements to be considered are: • The age of the mine • Management of tailings • The heterogeneity of the artisanal and small mine sectors • The increasing need to take cultural considerations into account in the decision making process. The paper contains results of the studies on the various mining sectors, strategy and policy recommendations, and country study summaries.

Sugar and Spice . . . Not everyone's nice. Fresh from being betrayed by one of her closest friends, new reality-television celebrity Jane Roberts has learned a few lessons. Most important: know who to trust. And in Hollywood, that list is short. Although the press is intent on creating a tabloid war between her and ex-friend/current-costar Madison Parker, Jane just wants to take control of her life. She's started by swearing off guys and the drama that comes with them. But when her high school sweetheart Caleb and her unrequited L.A. crush Braden show up, both acting sweeter than ever, Jane has a hard time remembering her no-boys rule. . . . Her best friend, Scarlett, has only one guy on her mind: her new boyfriend, Liam. The girl who once thought love was a four-letter word is now head over heels. The problem is, being on a hit reality show means hanging out with other guys on-camera, and Liam isn't too happy with pretending to play a bit part in her love life. Just when everything feels out of control, Jane makes a shocking discovery—one that changes everyone's definition of "reality" forever. In her deliciously entertaining novel, television star Lauren Conrad pulls back the curtain on young Hollywood and shows that sometimes the real drama is behind the scenes.

1927. Italië is in de greep van de fascistische dictator Mussolini. De broers Luca en Berio werken als trapezewerkers in een klein, rondreizend circus. Ze verloren hun moeder in de oorlog en wonen nu bij goochelaar Veronica. Dan komt de jonge fotografe Yuna in hun leven en verandert alles. Vanaf ca. 13 jaar.

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.
