Everybody knows what a notary public does, right? Actually, there is much misunderstanding and confusion about what the proper role and duty of a notary is. A notary public does not "legalize" documents, or verify the accuracy or truthfulness of the content or statements made in a document, and yet the role that a notary plays in ascertaining the identity of the person who signs a document, placing that person under oath, if required, and determining the signer's intent and willingness to consent to the transaction is vital in modern society. A notary public is a public official commissioned by the Secretary of State to administer oaths and affirmations, take acknowledgments, witness signatures, and perform other duties as permitted by state law. A notary should be familiar with the Idaho notary laws and to follow the standards of reasonable care for performing a notarial act.

The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book. The Autoimmune Wellness Handbook goes well beyond nutrition and provides the missing link so that you can get back to living a vibrant, healthy life. This title was first published in 2000. The law relating to directors' duties has fundamental implications across the business environment and yet few areas of business law have received so little detailed examination. This text provides fresh and

incisive insights to the rules applying in ten major economic jurisdictions within Europe, with respect to directors' legal obligations and liabilities. Written by the foremost figures in the field, each contribution outlines the statutory provisions that affect the work of company directors in each jurisdiction, including general legislation and specific laws covering the status of incorporated bodies. Fully illustrated with case-law examples the book provides a guide to the range of measures which national courts may provide for participants in corporate life seeking remedies for unsatisfactory governance of companies. It also features guidance on the specific bases for criminal and civil liabilities and examples of the range of penalties to which directors might be subject. The result is a work of unprecedented detail which will be welcomed by practitioners in the corporate sector, academics and researchers alike.

A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document

perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.

AN INSTANT #1 NEW YORK TIMES BESTSELLER? Named one of the most anticipated novels of the season by People, Associated Press, Time, Los Angeles Times, Parade, St. Louis Post-Dispatch, The Guardian, Publishers Weekly, and more. From the #1 bestselling authors Hillary Clinton and Louise Penny comes a novel of unsurpassed thrills and incomparable insider expertise—State of Terror. After a tumultuous period in American politics, a new administration has just been sworn in, and to everyone's surprise the president chooses a political enemy for the vital position of secretary of state. There is no love lost between the president of the United States and Ellen Adams, his new secretary of state. But it's a canny move on the part of the president. With this appointment, he silences one of his harshest critics, since taking the job means Adams must step down as head of her multinational media conglomerate. As the new president addresses Congress for the first time, with Secretary Adams in attendance, Anahita Dahir, a young foreign service officer (FSO) on the Pakistan desk at the State Department, receives a baffling text from an anonymous

source. Too late, she realizes the message was a hastily coded warning. What begins as a series of apparent terrorist attacks is revealed to be the beginning of an international chess game involving the volatile and Byzantine politics of Pakistan, Afghanistan, and Iran; the race to develop nuclear weapons in the region; the Russian mob; a burgeoning rogue terrorist organization; and an American government set back on its heels in the international arena. As the horrifying scale of the threat becomes clear, Secretary Adams and her team realize it has been carefully planned to take advantage of four years of an American government out of touch with international affairs, out of practice with diplomacy, and out of power in the places where it counts the most. To defeat such an intricate, carefully constructed conspiracy, it will take the skills of a unique team: a passionate young FSO; a dedicated journalist; and a smart, determined, but as yet untested new secretary of state. *State of Terror* is a unique and utterly compelling international thriller cowritten by Hillary Rodham Clinton, the 67th secretary of state, and Louise Penny, a multiple award-winning #1 New York Times bestselling novelist.

From a review in the Australian Law Journal: "This book is a delightful surprise, for within its bare title the authors have covered the law concerning powers of attorney on both sides of the Tasman. The text is written in a clear and lucid fashion. It is well laid out, and provides in convenient form the texts of the relevant legislation applying throughout Australia and in New Zealand. It provides an accurate summary of the law as applying at the end of 1992. The index is unusually comprehensive, and the coverage of this area of law is thoroughly professional. It should prove to be a most useful text for practitioners in areas of company law, probate, and family law who will appreciate the specimen forms and clauses offered. It is so wide in its potential utility that (given its sensible price) it should be on every solicitor's bookshelf."

The second edition of this text incorporates the latest changes to Australian corporations law, up to and including the Corporations Act 2001 and the Financial Services Reform Act 2001. Like the 1st edition, this text is written particularly for undergraduate law students. The book
