He was known as The Golden Torso, the underwear model who famously dated Keira Knightley. But Jamie Dornan has always dreamed of being an actor - and as star of the hotly-anticipated Fifty Shades of Grey movie he has finally sealed his position in Hollywood. From his role as S&M hero Christian Grey in the adaptation of EL James' hit novel to playing a serial killer in BBC series The Fall and Abe Goffe in New Worlds, Jamie is carving a name for himself playing characters with a serious passionate side. But the path to success has been far from easy for the Northern Irish actor. His personal life has had as many twists and turns, highs and devastating lows as the shows that are making him famous. Son of a doctor, Jamie and his two sisters had what looked like a charmed childhood growing up in a sprawling family home in an affluent area of Belfast, attending a top boarding school with dreams of treading the boards like his legendary great aunt Greer Garson. But looks can be deceiving and behind the sports trophies and amateur acting triumphs, there was a series of personal tragedies, the burden of which Jamie still carries with him today. He later struggled to cope with life in the limelight as an internationally famous model in his twenties dating an actress and winning hordes of female fans the world over posing alongside Kate Moss and Eva Mendes. Now married and father to a baby daughter, the Bafta-nominated star has a new set of challenges on his hands. In this insightful biography, Louise Ford reveals Jamie's successes and struggles both on and off screen and explores what the future holds for the model turned actor who once doubted he could ever have it all.

Presents the trilogy of works that follow the relationship between college student Anastasia Steele and wealthy young entrepreneur Christian Grey.

NATIONAL BESTSELLER "A delectable brew of gothic horror and Hollywood satire . . . [and] what makes all this so much fun is Danforth's deliciously ghoulish voice . . . exquisite." —Ron Charles, THE WASHINGTON POST "A multi-faceted novel, equal parts gothic, sharply funny, sapphic romance, historical, and, of course, spooky." —ENTERTAINMENT WEEKLY Named a Most Anticipated Book by Entertainment Weekly • Washington Post • USA Today • Time • O, The Oprah Magazine • Buzzfeed • Harper's Bazaar • Vulture • Parade • HuffPost • Refinery29 • Popsugar • E! News • Bustle • The Millions • GoodReads • Autostraddle • Lambda Literary • Literary Hub • and more! The award-winning author of The Miseducation of Cameron Post makes her adult debut with this highly imaginative and original horror-comedy centered around a cursed New England boarding school for girls—a wickedly whimsical celebration of the art of storytelling, sapphic love, and the rebellious female spirit Our story begins in 1902, at the Brookhants School for Girls. Flo and Clara, two impressionable students, are obsessed with each other and with a daring young writer named Mary MacLane, the author of a scandalous bestselling memoir. To show their devotion to Mary, the girls establish their own private club and call it the Plain Bad Heroine Society. They meet in secret in a nearby apple orchard, the setting of their wildest happiness and, ultimately, of their macabre deaths. This is where their bodies are later discovered with a copy of Mary's book splayed beside them, the victims of a swarm of stinging, angry yellow jackets. Less than five years later, the Brookhants School for Girls closes its doors forever—but not before three more people mysteriously die on the property, each in a most troubling way. Over a century later, the now abandoned and crumbling Brookhants is back in the news when wunderkind writer Merritt Emmons publishes a breakout book celebrating the queer, feminist history surrounding the "haunted and cursed" Gilded Age institution. Her bestselling book inspires a controversial horror film adaptation starring celebrity actor and lesbian it girl Harper Harper playing the ill-fated heroine Flo, opposite B-list actress and former child star Audrey Wells as Clara. But as Brookhants opens its gates once again, and our three modern heroines arrive on set to begin filming, past and present become grimly entangled—or perhaps just grimly exploited—and soon it's impossible to tell where the curse leaves off and Hollywood begins. A story within a story within a story and featuring black-and-white period-inspired illustrations, Plain Bad Heroines is a devilishly haunting, modern masterwork of metafiction that manages to combine the ghostly sensibility of Sarah Waters with the dark imagination of Marisha Pessl and the sharp humor and incisive social commentary of Curtis Sittenfeld into one laugh-out-loud funny, spellbinding, and wonderfully luxuriant read. "Full of Victorian sapphic romance, metafictional horror, biting misandrist humor, Hollywood intrigue, and multiple timeliness—all replete with evocative illustrations that are icing on a deviously delicious cake." —O, THE OPRAH MAGAZINE

That storyline drives Hell of a Book and is the scaffolding of something much larger and urgent: since Mott's novel also tells the story of Soot, a young Black boy living in a rural town in the recent past, and The Kid, a possibly imaginary child who appears to the author on his tour. As these characters' stories build and build and converge, they astonish. For while this heartbreaking and magical book entertains and is at once about family, love of parents and children, art and money, it's also about the nation's reckoning with a tragic police shooting playing over and over again on the news. And with what it can mean to be Black in America. Who has been killed? Who is The Kid? Will the author finish his book tour, and what kind of world will he leave behind? Unforgettably told, with characters who burn into your mind and an electrifying plot ideal for book club discussion, Hell of a Book is the novel Mott has been writing in his head for the last ten years. And in its final twists it truly becomes its title.

The definitive story of the Dennis Nilsen case featured in Netflix's *Memories of a Murder: The Nilsen Tapes*, and the book behind ITV's *Des*, starring David Tennant ***WINNER OF THE GOLD DAGGER AWARD FOR CRIME NON-FICTION and THE NUMBER ONE SUNDAY TIMES BESTSELLER*** _____ Dennis Nilsen, who died in May 2018, admitted to killing at least 15 people before his arrest in 1983. This ground-breaking criminal study of his killings was written with Nilsen's full cooperation, resulting in a fascinating - and horrifying - portrait of the man who worshipped death. In February 1983, residents of Muswell Hill had been plagued by blocked drains. When a plumber was called to investigate, he discovered a large blockage of biological material. To his horror, it appeared to be formed of human flesh and bones. The next day, local resident Dennis Nilsen was arrested. 'Are we talking about one body or two?' a detective asked. Nilsen replied 'Fifteen or sixteen, since 1978. I'll tell you everything.' Within days he had confessed to fifteen gruesome murders over a period of four years. His victims, mostly young gay men at a time when society cared little for them, had been overlooked. *Killing for Company* is a unique study of a murderer's mind, essential reading for true crime aficionados. _____ 'You really have to read this extraordinary book to get a full flavour of the weirdness of Nilsen and his crimes' SUNDAY TIMES 'A seminal look into the criminal mind' DAILY MAIL 'Brian Masters has given us a full, well-ordered, dispassionate account of Nilsen's life and crimes' THE TIMES 'Without any doubt one of the most remarkable, complete and most humanely informative accounts of a murderer's mind ever achieved... the book is far superior to any previous English book of its kind and deserves to serve as a model for all future attempts in this genre' NEW SOCIETY 'The book is a perceptive and at times coldly brutal assessment of Nilsen's psychology' MIRROR 'A comprehensive and compelling account' FINANCIAL TIMES 'Probably the best thing of its kind since *In Cold Blood* . . . a classic study in criminal mentality' YORKSHIRE POST 'Killing For Company must stand as one of the most remarkable and accurate accounts ever written of the singular relationship between a mass murderer and a society . . . a bloody masterpiece.' BERYL BAINBRIDGE 'A truly awesome tale, brilliantly told' LITERARY REVIEW 'A meticulous study of the dark intricacies of the human mind' THE BOOKBAG 'Brian Masters can rest assured that the job he undertook with such obvious doubts was one worth doing' SPECTATOR 'Masters has written an extraordinary book, and his achievement has been the ability to recount horrific details without descending to the lurid sensationalism of the instant books and Fleet Street reports' POLICE 'A compelling and remarkable book ... through Masters' fine writing the reader suspends his nausea for the crimes, and concentrates with Nilsen on his motives and himself' THE LISTENER

A deeply affecting debut novel set in Trinidad, following the lives of a family as they navigate impossible choices about scarcity, loyalty, and love WINNER OF THE DESMOND ELLIOTT PRIZE • “Golden Child is a stunning novel written with force and beauty. Though true to herself, Adam's work stands tall beside icons of her tradition like V.S. Naipaul.”—Jennifer Clement, author of *Gun Love Rural Trinidad*: a brick house on stilts surrounded by bush; a family, quietly surviving, just trying to live a decent life. Clyde, the father, works long, exhausting shifts at the petroleum plant in southern Trinidad; Joy, his wife, looks after the home. Their two sons, thirteen years old, wake early every morning to travel to the capital, Port of Spain, for school. They are twins but nothing alike: Paul has always been considered odd, while Peter is widely believed to be a genius, destined for greatness. When Paul goes walking in the bush one afternoon and doesn't come home, Clyde is forced to go looking for him, this child who has caused him endless trouble already, and who he has never really understood. And as the hours turn to days, and Clyde begins to understand Paul's fate, his world shatters—leaving him faced with a decision no parent should ever have to make. Like the Trinidadian landscape itself, *Golden Child* is both beautiful and unsettling, a resoundingly human story of aspiration, betrayal, and love. Praise for *Golden Child* “In fluid and uncluttered prose, *Golden Child* weaves an enveloping portrait of an insular social order in which the claustrophobic support of family and neighbors coexists with an omnipresent threat from the same corners.”—The New York Times Book Review “[A] powerful debut . . . a devastating family portrait—and a fascinating window into Trinidadian society.”—People “[An] emotionally potent debut novel . . . with a spare, evocative style, Adam (a Trinidad native) evokes the island's complexity during the mid-'80s, when the novel is mostly set: the tenuous relationship between Hindus like Clyde's family and the twins' Catholic schoolmaster, assassinations and abductions hyped by lurid media headlines, resources that attract carpetbagging oil companies but leave the country largely impoverished.”—USA Today NATIONAL BESTSELLER A Book of the Year Selection for Inc. and Library Journal “This book picks up where *The Tipping Point* left off.” -- Adam Grant, Wharton professor and New York Times bestselling author of *ORIGINALS* and *GIVE AND TAKE* Nothing “goes viral.” If you think a popular movie, song, or app came out of nowhere to become a word-of-mouth success in today's crowded media environment, you're missing the real story. Each blockbuster has a secret history—of power, influence, dark broadcasters, and passionate cults that turn some new products into cultural phenomena. Even the most brilliant ideas wither in obscurity if they fail to connect with the right network, and the consumers that matter most aren't the early adopters, but rather their friends, followers, and imitators -- the audience of your audience. In his groundbreaking investigation, Atlantic senior editor Derek Thompson uncovers the hidden psychology of why we like what we like and reveals the economics of cultural markets that invisibly shape our lives. Shattering the sentimental myths of hit-making that dominate pop culture and business, Thompson shows quality is insufficient for success, nobody has "good taste," and some of the most popular products in history were one bad break away from utter failure. It may be a new world, but there are some enduring truths to what audiences and consumers want. People love a familiar surprise: a product that is bold, yet sneakily recognizable. Every business, every artist, every person looking to promote themselves and their work wants to know what makes some works so successful while others disappear. *Hit Makers* is a magical mystery tour through the last century of pop culture blockbusters and the most valuable currency of the twenty-first century—people's attention. From the dawn of impressionist art to the future of Facebook, from small Etsy designers to the origin of Star Wars, Derek Thompson leaves no pet rock unturned to tell the fascinating story of how culture happens and why things become popular. In *Hit Makers*, Derek Thompson investigates:

- The secret link between ESPN's sticky programming and the The Weeknd's catchy choruses
- Why Facebook is today's most important newspaper
- How advertising critics predicted Donald Trump
- The 5th grader who accidentally launched "Rock Around the Clock," the biggest hit in rock and roll history
- How Barack Obama and his speechwriters think of themselves as songwriters
- How Disney conquered the world—but the future of hits belongs to savvy amateurs and individuals
- The French collector who accidentally created the Impressionist canon
- Quantitative evidence that the biggest music hits aren't always the best
- Why almost all Hollywood blockbusters are sequels, reboots, and adaptations
- Why one year--1991--is responsible for the way pop music sounds today
- Why another year --1932--created the business model of film
- How data scientists proved that “going viral” is a myth
- How 19th century immigration patterns explain the most heard song in the Western Hemisphere

In 2007, the Center for Automation in Nanobiotech (CAN) outlined the hardware and software platforms that would one day allow robots smaller than human cells to make medical diagnoses, conduct repairs, and even self-propagate. In the same year, the CBS network re-aired a program about the effects of propranolol on sufferers of extreme trauma. A simple pill, it had been discovered, could wipe out the memory of any traumatic event. At almost the same moment in humanity's broad history, mankind discovered the means for bringing about its utter downfall.

And the ability to forget it ever happened. This is the second volume in the New York Times best-selling *Wool* series.

A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.
