This book is a first-person account of a disaster on a solo hiking trip. Author Amy Racina was hiking in a remote part of King's Canyon National Park in California's Sierra mountains when she lost the trail. With no warning, she suddenly fell sixty feet, breaking both legs on the rocks below. She survived for four days and nights, battling pain, fear and exhaustion, pulling herself along with her hands and refusing to give up. She was miraculously saved, her calls heard by a man who was partially deaf. It describes her dramatic rescue as she was airlifted out, swinging helplessly from two straps, dangling fearfully beneath a helicopter high above the ravine where she had fallen. It is an amazing tale of despair and courage and hope. It speaks of incredible strength and heartbreaking weakness as it details what one woman believed might be the last days of her life. It is a memory of the darkest of times and an affirmation of miracles. This Student Book provides a grammar-led approach with extensive exam preparation to develop independent, culturally aware students of German, ready for the exam. This book is endorsed by Cambridge International

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

Death's Men is the classic bestselling story of the First World War as told by the soldiers themselves - reissued for the 2014 Centenary. Millions of British men were involved in the Great War of 1914-1918. But, both during and after the war, the individual voices of the soldiers were lost in the collective picture. Men drew arrows on maps and talked of battles and campaigns, but what it felt like to be in the front line or in a base hospital they did not know. Civilians did not ask and soldiers did not write. Death's Men portrays the humble men who were called on to face the appalling fears and discomforts of the fighting zone. It shows the reality of the First World War through the voices of the men who fought. 'A raw, haunting read that puts you directly into the shoes of the men who rushed to volunteer at the start of the war' Guardian 'An engrossing view of what it was like to live in the trenches, go on leave, get wounded, et cetera, and features voice after voice from the ranks' Telegraph Denis Winter was born in 1940 and read history at Pembroke College, Cambridge. Death's Men was first published in 1978, to critical and popular acclaim. This was followed by his book The First of the Few: Fighter Pilots of the First World War.

Improving Foreign Language Teaching provides teachers and teacher trainers with a research-based structure for the effective teaching and assessment of second languages. As well as outlining a model for teacher development, the book identifies and exemplifies eight key principles for effective language learning, which can be used to guide curriculum design and decisions about classroom pedagogy. Improving Foreign Language Teaching also presents practical activities, related materials, and guidance on how student progress can be monitored and recorded. Based on the research of the authors and other international experts, together with the work of a consortium established by the authors and teachers in a range of secondary schools, the book focusses on the development of language skills and communicative competence. It also proposes an assessment system which better reflects how learners progress in language learning than current models. Taking as its starting point the challenge of a curriculum in flux and complex pedagogical approaches, this book offers clear research-informed guidance for effective planning, teaching and learning. It will be essential reading for all those concerned with the improvement of

“A perfect book”—and basis for the Maggie Smith film—about a teacher who makes a lasting impression on her female students in the years before World War II (Chicago Tribune). “Give me a girl at an impressionable age, and she is mine for life!” So asserts Jean Brodie, a magnetic, dubious, and sometimes comic teacher at the conservative Marcia Blaine School for Girls in Edinburgh. Brodie selects six favorite pupils to mold—and she doesn’t stop with just their intellectual lives. She has a plan for them all, including how they will live, whom they will love, and what sacrifices they will make to uphold her ideals. When the girls reach adulthood and begin to find their own destinies, Jean Brodie’s indelible imprint is a gift to some, and a curse to others. The Prime of Miss Jean Brodie is Spark’s masterpiece, a novel that offers one of twentieth-century English literature’s most iconic and complex characters—a woman at once admirable and sinister, benevolent and conniving. This ebook features an illustrated biography of Muriel Spark including rare photos and never-before-seen documents from the author’s archive at the National Library of Scotland.
