The autobiography of Helen Keller, who lost both sight and hearing by illness at nineteen months, and became a famous author and lecturer.

Returning home to Shilo, New Hampshire to raise his teenage daughter after his ex-wife is murdered, former Navy SEAL Tom Hawkins becomes the target of vicious rumors and implicated in a series of disturbing crimes by someone who is determined to destroy everything he loves. It officially began on February 28, 2006, when a handful of protesters from the nearby Six Nations reserve walked onto Douglas Creek Estates, then a residential subdivision under construction, and blocked workers from entering. Over the course of the spring and summer of that first year, the criminal actions of the occupiers included throwing a vehicle over an overpass, the burning down of a hydro transformer which caused a three-day blackout, the torching of a bridge and the hijacking of a police vehicle. During the very worst period, ordinary residents living near the site had to pass through native barricades, show native-issued "passports", and were occasionally threatened with body searches and routinely subjected to threats. Much of this lawless conduct occurred under the noses of the Ontario Provincial Police, who, often against their own best instincts, stood by and watched: They too had been intimidated. Arrests, where they were made, weren't made contemporaneously, but weeks or monthlater. The result was to embolden the occupiers and render non-native citizens vulnerable and afraid. Eighteen months after the occupation began, a home builder named Sam Gualtieri, working on the house he was giving his daughter as a wedding present, was attacked by protesters and beaten so badly he will never fully recover from his injuries. The occupation is now in its fifth year. Throughout, Christie Blatchford has been observing, interviewing, and investigating with the tenacity that has made her both the doyen of Canadian crime reporters and a social commentator beloved for her uncompromising sense of right and wrong. In Helpless she tells the full story for the first time - a story that no part of the press or media in Canada has been prepared to tackle with the unflinching objectivity that Christie Blatchford displays on every page. This is a book whose many revelations, never before reported, will shock and appall. But the last word should go to the author: "This book is not about aboriginal land claims. The book is not about the wholesale removal of seven generations of indigenous youngsters from their reserves

and families - this was by dint of federal government policy - or the abuse dished out to many of them at the residential schools into which they were arbitrarily placed or the devastating effects that haunt so many today. This book is not about the dubious merits of the reserve system which may better serve those who wish to see native people fail than those who want desperately for them to succeed. I do not in any way make light of these issues, and they are one way or another in the background of everything that occurred in Caledonia. "What Helpless is about is the failure of government to govern and to protect all its citizens equally." From the Hardcover edition.

Presents a vivid account of a history-making storm that hit the New England coast in October 1991 and the lives it changed, weaving together the history of the fishing industry, the science of storms, and personal accounts. Tour. AVAILABLE FOR THE FIRST TIME IN eBook! A man returns to the town where a baffling murder took place 27 years earlier, determined to get to the bottom of the story. Just hours after marrying the beautiful Angela Vicario, everyone agrees, Bayardo San Roman returned his bride in disgrace to her parents. Her distraught family forced her to name her first lover; and her twin brothers announced their intention to murder Santiago Nasar for dishonoring their sister. Yet if everyone knew the murder was going to happen, why did no one intervene to stop it? The more that is learned, the less is understood, and as the story races to its inexplicable conclusion, an entire society--not just a pair of murderers—is put on trial. Gabriel García Márquez was born in Colombia in 1927. He was awarded the Nobel Prize in Literature in 1982. He died in 2014. The controversial English-language debut of celebrated Israeli novelist Yishai Sarid is a harrowing, ironic parable of how we reckon with human horror, in which a young, present-day historian becomes consumed by the memory of the Holocaust. Written as a report to the chairman of Yad Vashem, Israel's memorial to the victims of the Holocaust, our unnamed narrator recounts his own undoing. Hired as a promising young historian, he soon becomes a leading expert on Nazi methods of extermination at concentration camps in Poland during World War II and guides tours through the sites for students and visiting dignitaries. He hungrily devours every detail of life and death in the camps and takes pride in being able to recreate for his audience the excruciating last moments of the victims' lives. The job becomes a mission, and then an obsession. Spending so much time immersed in death, his connections with the living begin to deteriorate. He resents the students lost in their iPhones, singing sentimental songs, not expressing sufficient outrage at the genocide committed by the Nazis. In fact, he even begins to detect, in the students as well as himself, a hint of admiration for the murderers—their efficiency, audacity, and determination. Force is the only way to resist force, he comes to think, and one must be prepared to kill. With the perspicuity of Kafka's *The Trial* and the obsessions of DeLillo's *White*

Noise, The Memory Monster confronts difficult questions that are all too relevant to Israel and the world today: How do we process human brutality? What makes us choose sides in conflict? And how do we honor the memory of horror without becoming consumed by it? Praise for The Memory Monster: “Award-winning Israeli novelist Sarid’s latest work is a slim but powerful novel, rendered beautifully in English by translator Greenspan.... Propelled by the narrator’s distinctive voice, the novel is an original variation on one of the most essential themes of post-Holocaust literature: While countless writers have asked the question of where, or if, humanity can be found within the profoundly inhumane, Sarid incisively shows how preoccupation and obsession with the inhumane can take a toll on one’s own humanity.... it is, if not an indictment of Holocaust memorialization, a nuanced and trenchant consideration of its layered politics. Ultimately, Sarid both refuses to apologize for Jewish rage and condemns the nefarious forms it sometimes takes. A bold, masterful exploration of the banality of evil and the nature of revenge, controversial no matter how it is read.” —Kirkus Reviews, Starred Review “[A] record of a breakdown, an impassioned consideration of memory and its risks, and a critique of Israel’s use of the Holocaust to shape national identity.... Sarid’s unrelenting examination of how narratives of the Holocaust are shaped makes for much more than the average confessional tale.” —Publishers Weekly “Reading The Memory Monster, which is written as a report to the director of Yad Vashem, felt like both an extremely intimate experience and an eerily clinical Holocaust history lesson. Perfectly treading the fine line between these two approaches, Sarid creates a haunting exploration of collective memory and an important commentary on humanity. How do we remember the Holocaust? What tolls do we pay to carry on memory? This book hit me viscerally, emotionally, and personally. The Memory Monster is brief, but in its short account Sarid manages to lay bare the tensions between memory and morals, history and nationalism, humanity and victimhood. An absolute must-read.” —Julia DeVarti, Literati Bookstore (Ann Arbor, MI) “In Yishai Sarid’s dark, thoughtful novel The Memory Monster, a Holocaust historian struggles with the weight of his profession.... The Memory Monster is a novel that pulls no punches in its exploration of the responsibility—and the cost—of holding vigil over the past.” —Eileen Gonzalez, Foreword Reviews

It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. To their horrified astonishment it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between the two main characters: Yuri Trush, the lead tracker, and the tiger itself. As John Vaillant vividly recreates the extraordinary events of that winter, he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth, and where the once great Siberian Tiger - the largest of its species, which can weigh over 600 lbs at more than 10 feet long - ranges daily over vast territories of forest and mountain, its numbers diminished to a fraction of what they once were. We meet the native tribes who for centuries have worshipped and lived alongside tigers - even sharing their kills with them - in a natural balance. We witness the first arrival of settlers, soldiers and hunters in the tiger's territory in the 19th century and 20th century, many fleeing Stalinism. And we come to know the Russians of today - such as the poacher Vladimir Markov - who, crushed by poverty, have turned to poaching for the corrupt, high-paying Chinese markets. Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit seamlessly into the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator, and the grave threat it faces as logging and poaching reduce its habitat and numbers - and force it to turn at bay. Beautifully written and deeply informative, The Tiger is a gripping tale of man and nature in collision, that leads inexorably to a final showdown in a

News • Bustle • The Millions • GoodReads • Autostraddle • Lambda Literary • Literary Hub • and more! The award-winning author of *The Miseducation of Cameron Post* makes her adult debut with this highly imaginative and original horror-comedy centered around a cursed New England boarding school for girls—a wickedly whimsical celebration of the art of storytelling, sapphic love, and the rebellious female spirit Our story begins in 1902, at the Brookhants School for Girls. Flo and Clara, two impressionable students, are obsessed with each other and with a daring young writer named Mary MacLane, the author of a scandalous bestselling memoir. To show their devotion to Mary, the girls establish their own private club and call it the Plain Bad Heroine Society. They meet in secret in a nearby apple orchard, the setting of their wildest happiness and, ultimately, of their macabre deaths. This is where their bodies are later discovered with a copy of Mary’s book splayed beside them, the victims of a swarm of stinging, angry yellow jackets. Less than five years later, the Brookhants School for Girls closes its doors forever—but not before three more people mysteriously die on the property, each in a most troubling way. Over a century later, the now abandoned and crumbling Brookhants is back in the news when wunderkind writer Merritt Emmons publishes a breakout book celebrating the queer, feminist history surrounding the “haunted and cursed” Gilded Age institution. Her bestselling book inspires a controversial horror film adaptation starring celebrity actor and lesbian it girl Harper Harper playing the ill-fated heroine Flo, opposite B-list actress and former child star Audrey Wells as Clara. But as Brookhants opens its gates once again, and our three modern heroines arrive on set to begin filming, past and present become grimly entangled—or perhaps just grimly exploited—and soon it’s impossible to tell where the curse leaves off and Hollywood begins. A story within a story within a story and featuring black-and-white period-inspired illustrations, *Plain Bad Heroines* is a devilishly haunting, modern masterwork of metafiction that manages to combine the ghostly sensibility of Sarah Waters with the dark imagination of Marisha Pessl and the sharp humor and incisive social commentary of Curtis Sittenfeld into one laugh-out-loud funny, spellbinding, and wonderfully luxuriant read. “Full of Victorian sapphic romance, metafictional horror, biting misandrist humor, Hollywood intrigue, and multiple timeliness—all replete with evocative illustrations that are icing on a deviously delicious cake.” —O, THE OPRAH MAGAZINE

HERALD SIGURDSSON, King Harald Hardrada of Norway, King of the Vikings, was born to rule. He embraced that birth-right, dominating his world with the strength in his arm and the power of his will. In an instant, one brutal mistake and a shattering wound took all he valued from him. But what if . . . Harald Sigurdsson fled his disgrace with a band of equally broken warriors still holding tight to his leadership. They ventured West, to Iceland, Greenland, into the darkness, to a land known only through legends and lies. A land with no need of a king, no room for a ruler. A land where a king could hope to become something more. This enthralling, thought-provoking story begins a thousand years ago on a battlefield outside York, England, and then moves across the North Atlantic to Iceland and beyond. Brent Olson's biggest, boldest, and best book yet is a stunning work of alternative history. By moving the path of one arrow one inch, Olson has achieved an entire new script for the world.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward. A critique of the self-help movement assesses the pervasive damage that it has done to every aspect of American society, explaining how the notion of victimization has blurred the concept of personal responsibility and right and wrong, and how the idea of empowerment teaches that the belief that we can do something is more important than developing the skills to accomplish the task. While neighbors wondered how Boehm remained so calm through it all, Det. Sgt. Joseph Burgoon of St. Louis Homicide had darker suspicions. Burgoon soon unraveled a labyrinth of deception, greed, and obsession that revealed a cold-blooded killer whose get-rich-quick scheme came at the cost of her children's lives. Boehm had taken out insurance policies on her children with six different companies totaling nearly \$100,000. Using police reports, case documents, and photos, journalist John Coston recreates the events that led to one mother's unspeakable acts of filicide—and a cop's relentless pursuit of the truth.

A thrilling journey into the minds of African elephants as they struggle to survive. If, as many recent nonfiction bestsellers have revealed, animals possess emotions and awareness, they must also have stories. In *The White Bone*, a novel imagined entirely from the perspective of African elephants, Barbara Gowdy creates a world whole and separate that yet illuminates our own. For years, young Mud and her family have roamed the high grasses, swamps, and deserts of the sub-Saharan. Now the earth is scorched by drought, and the mutilated bodies of family and friends lie scattered on the ground, shot down by ivory hunters. Nothing—not the once familiar terrain, or the age-old rhythms of life, or even memory itself—seems reliable anymore. Yet a slim prophecy of hope is passed on from water hole to water hole: the sacred white bone of legend will point the elephants toward the Safe Place. And so begins a quest through Africa's vast and perilous plains—until at last the survivors face a decisive trial of loyalty and courage. In *The White Bone*, Barbara Gowdy performs a feat of imagination virtually unparalleled in modern fiction. Plunged into an alien landscape, we orient ourselves in elephant time, elephant space, elephant consciousness and begin to feel, as Gowdy puts it, "what it would be like to be that big and gentle, to be that imperiled, and to have that prodigious memory."

In September 2009, my home for the past year was a no-tell hotel, so crime-ridden police were holding their nightly roll call in the hotel's parking lot. Police were called to this hotel over one hundred times just that summer. I came home my last day there to find a SWAT team arresting my neighbor for (armed) robbery in the drug store across the street. I moved out then and there, fearing for my safety. The only option available to me at the time was to put myself out on the street. Homeless Not Helpless is my true story loosely based on a journal I kept during my homeless experience. With my protocol and (good) plan, I rose from the hole I was in, with my goal being to move to Franklin, Indiana, to be close to my son, who was in high school at the time. The whole ordeal exacerbated my existing PTSD condition. Still, I hope this truly amazing story will inspire whoever reads it. I was inspired to create this book by the rock band REO Speedwagon's song "Keep on Rollin'." My mission statement is to give a free copy of the book to every homeless man, woman, and child I can find out there.
