An expert in cognitive development and music education reveals the remarkable and surprising benefits that playing--or even appreciating--music offers to children. The latest cognitive research has revealed something extraordinary: learning music and listening to music can grow and repair our brains at any age. Here, Dr. Anita Collins explains how music has the potential to positively benefit almost all aspects of a child's development, whether it's through formal education or mindful appreciation; simply clapping in time can assist a young child who is struggling with reading. It turns out that playing music is the cognitive equivalent of a full-body workout. Dr. Collins lays out the groundbreaking research that shows how playing an instrument can improve language abilities, social skills, concentration, impulse control, emotional development, working memory, and planning and strategy competence, from infancy through adolescence. She also provides real-life stories to show the difference that music learning can make, as well as practical strategies for parents and educators to encourage a love of music in their kids.

Winner of the Amnesty CILIP Honour Award Poor Mouse! A bear has settled in his favourite chair and it just isn't big enough for two. Evan Umbra is the newest Venator to enter Veneseron, the school for demon hunters. A Venator is a wizard, a spy and a demon hunter rolled into one. They're taught how to wield their sorcery and enchanted weaponry by orcs, elfpires and aliens alike. Their missions range from battling monsters and saving countless lives in the multiple worlds, to the more peculiar, like wrangling killer unicorns and calming down

drunken yetis. In their free time Venators enjoy goblin soap-operas and underwater bubble travel, but they also understand that every new mission they're given could be their last. Whilst learning how to manipulate the elements, summon creatures to fight for him and shoot Spellzookas, Evan encounters a dangerous rival and meets a girl who makes him feel nauseous; but in a good way. He makes the first friends he's ever had in the carefree Jed and the reckless Brooke. Whilst Jed gets on the wrong side of a rival Venator, Brooke finds herself falling for the enigmatic demon hunter who brought her to Veneseron, not knowing he isn't quite human. But it soon becomes apparent that Evan is more than just a Venator. Everyone wants to kill or capture him, from demons to Dark-Venators and even people he's supposed to be able to trust. Evan reckons he probably won't survive his first year at Veneseron. Praise for A Darker Shade of Sorcery. The book was like Harry Potter and The Mortal Instruments and a little bit Percy Jacksonish combined. It's like I'm reading all my favorite books in one! I loved it so much! The action, the adventures, it was awesome! -Jean Claudia. Goodreads Reviewer ?????? I can't recommend this book enough! A gripping story, an engrossing world and colorful characters; what more could you ask for? -Donte Mcneal. Amazon Reviewer ?????? This was a VERY entertaining book and well worth the read. Once I got a few chapters in the book just flew by. I can't wait to read the next book in the series! -Angel Erin. Goodreads Reviewer ?????? A detailed world, which his characters only scratch the surface of. Harry Potter Fans will like this. Overall it was very good and I can't wait to read the next one. If you are a fan of action/ adventure fantasy, this is a good one to read. -Bridgette B. Amazon Reviewer ??????

From the author of *The Winter Sister* and *Behind the Red Door*, this “masterpiece of gothic suspense and horror, filled with dark family secrets and stunning twists” (Michele Campbell, author of *It’s Always the Husband*) follows a family obsessed with true crime as they gather to bury their patriarch—only to find another body already in his grave. At twenty-six, Dahlia Lighthouse is haunted by her upbringing. Raised in a secluded island mansion deep in the woods and kept isolated by her true crime-obsessed parents, she is unable to move beyond the disappearance of her twin brother, Andy, when they were sixteen. After several years away and following her father’s death, Dahlia returns to the house, where the family makes a gruesome discovery: buried in their father’s plot is another body—Andy’s, his skull split open with an ax. Dahlia is quick to blame Andy’s murder on the serial killer who terrorized the island for decades, while the rest of her family reacts to the revelation in unsettling ways. Her brother, Charlie, pours his energy into creating a family memorial museum, highlighting their research into the lives of famous murder victims; her sister, Tate, forges ahead with her popular dioramas portraying crime scenes; and their mother affects a cheerfully domestic facade, becoming unrecognizable as the woman who performed murder reenactments for her children. As Dahlia grapples with her own grief and horror, she realizes that her eccentric family, and the mansion itself, may hold the answers to what happened to her twin.

Uh-oh! An excitable (but very lovable) dog has found his way into this book of animals, and he will not let any of the other animals share the spotlight. Dogs are far more important, after all! And when the other animals get angry, this dog comes up with a cunning plan to outwit them.

The tables have turned in this hilarious follow-up to *There's a Bear on My Chair*. But this time it's Bear who has an unwelcome guest, and this mouse just won't leave! He's making a real commotion in Bear's house--eating all the food, listening to loud music, and even spilling bathwater all over the floor! But when there's an unexpected knock at the door, will Bear decide that visitors aren't so bad after all?

NATIONAL BESTSELLER A NEW YORK TIMES BOOK REVIEW EDITORS' CHOICE Proclaimed as "truly spellbinding," a "great fable" that "functions as transporting romance" by the Guardian, the runaway #1 international bestseller "A rich, gothic entertainment that explores what books have trapped inside them and reminds us of the power of storytelling. Spellbinding." — TRACY CHEVALIER Imagine you could erase grief. Imagine you could remove pain. Imagine you could hide the darkest, most horrifying secret. Forever. Young Emmett Farmer is working in the fields when a strange letter arrives summoning him away from his family. He is to begin an apprenticeship as a Bookbinder—a vocation that arouses fear, superstition, and prejudice amongst their small community, but one neither he nor his parents can afford to refuse. For as long as he can recall, Emmett has been drawn to books, even though they are strictly forbidden. Bookbinding is a sacred calling, Seredith informs her new apprentice, and he is a binder born. Under the old woman's watchful eye, Emmett learns to hand-craft the elegant leather-bound volumes. Within each one they will capture something unique and extraordinary: a memory. If there's something you want to forget, a binder can help. If there's something you need to erase, they can assist. Within the pages of the books they create, secrets are concealed and the past is locked away. In a vault under his mentor's workshop rows upon rows of books are meticulously stored. But while Seredith is an artisan, there are others of their kind, avaricious and amoral tradesman who use their talents for dark ends—and just as Emmett begins to settle into his new circumstances, he makes an astonishing discovery: one of the books has his name on it. Soon, everything he thought he understood about his life will be dramatically rewritten. An unforgettable novel of enchantment, mystery, memory, and forbidden love, *The Binding* is a beautiful homage to the allure and life-changing power of books—and a reminder to us all that knowledge can be its own kind of magic.

This is the story of Enid Collins, the famed handbag designer of the 1940s, 50s and 60s. The setting is Spring Valley Ranch, the 400 acres of rugged but beautiful land that she and husband Frederic Collins bought sight unseen in order to pursue a dream of ranching - a dream that wasn't to be. Instead, out of their need to survive, they did what they knew how to do, they made things. In many ways, their remote and rugged lives were far from ours today. In other ways, they were not that different. They succeeded, they struggled, they lived. We begin as spectators watching from a distance but through this story we are beckoned closer - to see what they saw and, indeed, read their journaled thoughts. Through this human story you are invited to examine your own life, to question. You are invited to a place of deeper meaning and

purpose.

The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the very beginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern

business culture and will, quite frankly, upset some people.” Perhaps, but who can afford to ignore these findings?

Discusses the wealth gap and its effects on society, including what can be done to remedy the situation and give the one percent a voice.

In this collaborative memoir, a parent and a transgender son recount wrestling with their differences as Donald Collins undertook medical-treatment options to better align his body with his gender identity. As a parent, Mary Collins didn't agree with her trans son's decision to physically alter his body, although she supported his right to realize himself as a person. Raw and uncensored, each explains her or his emotional mindset at the time: Mary felt she had lost a daughter; Donald activated his "authentic self." Both battled to assert their rights. A powerful memoir and resource, *At the Broken Places* offers a road map for families in transition.

A language barrier is no match for love. Lauren Collins discovered this firsthand when, in her early thirties, she moved to London and fell for a Frenchman named Olivier—a surprising turn of events for someone who didn't have a passport until she was in college. But what does it mean to love someone in a second language? Collins wonders, as her relationship with Olivier continues to grow entirely in English. Are there things she doesn't understand about Olivier, having never spoken to him in his native tongue? Does "I love you" even mean the same thing as "je t'aime"? When the couple, newly married, relocates to Francophone Geneva, Collins—fearful of one day becoming "a Borat of a mother" who doesn't understand her own kids—decides to answer her questions for herself by learning French. When in French is a laugh-out-loud funny and surprising memoir about the lengths we go to for love, as well as an exploration across culture and history into how we learn languages—and what they say about who we are. Collins grapples with the complexities of the French language, enduring excruciating role-playing games with her classmates at a Swiss language school and accidentally telling her mother-in-law that she's given birth to a coffee machine. In learning French, Collins must wrestle with the very nature of French identity and society—which, it turns out, is a far cry from life back home in North Carolina. Plumbing the mysterious depths of humanity's many forms of language, Collins describes with great style and wicked humor the frustrations, embarrassments, surprises, and, finally, joys of learning—and living in—French.

Through the sweeping cultural and historical transformations of China, entrepreneur Lan Yan traces her family's history through early 20th Century to present day. The history of the Yan family is inseparable from the history of China over the last century. One of the most influential business leaders of China today, Lan Yan grew up in the company of the country's powerful elite, including Mao Zedong, Zhou Enlai, and Deng Xiaoping. Her grandfather, Yan Baohang,

originally a nationalist and ally of Chiang Kai-shek, later joined the communists and worked as a spy during World War II, never falling out of favor with Soong May-ling, aka Mrs. Chiang Kai-shek. Lan's parents were diplomats, and her father, Yan Mingfu, was Mao's personal Russian translator. In spite of their elevated status, the Yan's family life was turned upside down by the Cultural Revolution. One night in 1967, in front of a terrified ten-year-old Lan, Red Guards burst into the family home and arrested her grandfather. Days later, her father was arrested, accused of spying for the Soviet Union. Her mother, Wu Keilang, was branded a counter-revolutionary and forced to go with her daughter to a re-education camp for five years, where Lan came of age as a high school student. In recounting her family history, Lan Yan brings to life a century of Chinese history from the last emperor to present day, including the Cultural Revolution which tore her childhood apart. The reader obtains a rare glimpse into the mysteries of a system which went off the rails and would decimate a large swathe of the intellectual, economic and political elite country. The little girl who was crushed by the Cultural Revolution has become one of the most active businesswomen in her country. In telling her and her family's story, Lan Yan serves up an intimate account of the history of contemporary China.

In this fiercely intelligent yet accessible book, one of the nation's leading sociologists and experts on race calls for "another kind of public education"--one that opens up more possibilities for democracy, and more powerful modes of participation for young people of color.

A lyrical picture book biography of Janet Collins, the first African American principal dancer at the Metropolitan Opera House. Janet Collins wanted to be a ballerina in the 1930s and 40s, a time when racial segregation was widespread in the United States. Janet pursued dance with a passion, despite being rejected from discriminatory dance schools. When she was accepted into the Ballet Russe de Monte Carlo as a teenager on the condition that she paint her skin white for performances, Janet refused. She continued to go after her dreams, never compromising her values along the way. From her early childhood lessons to the height of her success as the first African American prima ballerina in the Metropolitan Opera, *Brave Ballerina* is the story of a remarkable pioneer as told by Michelle Meadows, with fantastic illustrations from Ebony Glenn.

A compendium of biographical and historical anecdotes, recipes, activities, and crafts from the life of Laura Ingalls Wilder and her nine Little House books.

This is the story of a mixed cultural family with a seemingly normal household. Leon's house is the center of all attention.

The home is filled with love and funny circumstances. Like any home in the world it is more than four walls that makes it a home. It is the people and their lives that make it a home. Allow me to take you on a journey into Pop Pop's world. This Special Edition of The Hunger Games includes the most extensive interview Suzanne Collins has given since the publication of The Hunger Games; an absorbing behind-the-scenes look at the creation of the series; and an engaging archival conversation between Suzanne Collins and YA legend Walter Dean Myers on writing about war. The Special Edition answers many questions fans have had over the years, and gives great insight into the creation of this era-defining work. In the ruins of a place once known as North America lies the nation of Panem, a shining Capitol surrounded by twelve outlying districts. The Capitol keeps the districts in line by forcing them all to send one boy and one girl between the ages of twelve and eighteen to participate in the annual Hunger Games, a fight to the death on live TV. Sixteen-year-old Katniss Everdeen regards it as a death sentence when she steps forward to take her sister's place in the Games. But Katniss has been close to death before—and survival, for her, is second nature. Still, if she is to win, she will have to start making choices that weigh survival against humanity and life against love.

WINNER OF THE CHRISTOPHER BOOK AWARD • “A must-read for anyone who longs for the day when the dividing lines of race, class, and bigotry are finally overcome by the greater forces of love, forgiveness, and brotherhood.”—Rev. Samuel Rodriguez Racial tensions had long simmered in Benton Harbor, a small city on the eastern shore of Lake Michigan, before the day a white narcotics officer—more focused on arrests than justice—set his sights on an innocent black man. But when officer Andrew Collins framed Jameel McGee for possession of crack cocaine, the surprising result was not a race riot but a transformative journey for both men. Falsely convicted, McGee spent three years in federal prison. Collins also went to prison a few years later for falsifying police reports. While behind bars, the faith of both men deepened. But the story took its most unexpected turn once they were released—when their lives collided again in a moment brimming with mistrust and anger. The two were on a collision course—not to violence—but forgiveness. As current as today's headlines, this explosive true story reveals how these radically conflicted men chose to let go of fear and a thirst for revenge to pursue reconciliation for themselves, their community, and our racially divided nation.

A wondrous collection from Billy Collins, former U.S. Poet Laureate and New York Times bestselling author of *The Rain in Portugal* “The poems are marked by his characteristic humor and arise out of small, banal moments, unearthing the extraordinary or uncanny in the everyday.”—*The Wall Street Journal* *Whale Day* brings together more than fifty poems and showcases the deft mixing of the playful and the serious that has made Billy Collins one of our country's most celebrated and widely read poets. Here are poems that leap with whimsy and imagination, yet stay grounded in the familiar, common things of everyday experience. Collins takes us for a walk with an impossibly ancient dog, discovers the

original way to eat a banana, meets an Irish spider, and even invites us to his own funeral. Sensitive to the wonders of being alive as well as the thrill of mortality, Whale Day builds on and amplifies Collins's reputation as one of America's most interesting and durable poets.

Winner of the 1999 Paterson Poetry Prize Over the past decade, Billy Collins has emerged as the most beloved American poet since Robert Frost, garnering critical acclaim and broad popular appeal. Annie Proulx admits, "I have never before felt possessive about a poet, but I am fiercely glad that Billy Collins is ours." John Updike proclaims his poems "consistently startling, more serious than they seem, they describe all the worlds that are and were and some others besides." This special, limited edition celebrates Billy Collins's years as U.S. Poet Laureate. Picnic, Lightning--one of the books that helped establish and secure his reputation and popularity during the 1990s--combines humor and seriousness, wit and sublimity. His poems touch on a wide range of subjects, from jazz to death, from weather to sex, but share common ground where the mind and heart can meet. Whether reading him for the first time or the fiftieth, this collector's edition is a must-have for anyone interested in the poet the New York Times calls simply "the real thing." Abby has her hands full at her cousin Jillian's wedding as florist, bridesmaid, and grandma-sitter-all while wearing a hideous dress. Then the groom's 90-year-old grandmother goes missing from the reception. On her search, Abby finds the corpse of guest Jack Snyder. Now she must find out who killed Jack in the pulpit.

"So hot it will have to be printed on asbestos." - Liz Smith, New York Daily News Fierce, sharp, and wildly beautiful Lucky Santangelo, Jackie Collins's own favorite character, returns for more scandal, scheming, and pulse-pounding drama in the second book of the internationally bestselling Lucky Santangelo series. As she arrives in Las Vegas, Lucky's focused on getting her father Gino to sign off on some new developments underway in Atlantic City. But when opportunity strikes, Lucky's always ready—and now she has the chance to take on heading a casino complex right in Vegas. Lucky's past always seems to catch up with her though, and she's surprised to discover that aging billionaire Dimitri Stanislopoulos is also in Vegas, with his daughter, Olympia, Lucky's long lost friend. Kindred spirits who were both painfully out of place in the stodgy boarding school they were forced to attend, Lucky and Olympia had run off together, landing at a French villa where they stayed with Olympia's much older Hollywood producer lover—until their dads found out. They never spoke again, for decades, until now, although Lucky may learn some friendships are best left behind. Maybe the most unexpected surprise for Lucky, though, is finding love with rising comedian Lennie Golden. But will she be too much for him. . . and will he be enough for her? Packed with colorful characters and coursing with passion, suspense, and round-the-world adventure, from California, to Paris, from New York to a private Greek island, this decadent story is a gripping thrill ride of dangerous passion and power at any cost—at once a richly satisfying saga and a perfect poolside read as only Jackie Collins could write it! Adapted in the 90s into a highly successful NBC mini-series, the Santangelo novels are currently being developed for TV once again by Working Title Productions and the updated series is set to be compulsive, sexy and totally binge-worthy! hr "Marvelous...Fast-moving...Suspense-filled." -Houston Chronicle "Impossible to put down." -Wall Street Journal hr Read the whole Lucky Santangelo series! 1. "Sixpence House is the bookworm's answer to A Year in Provence." -Boston Globe Paul Collins and his family abandoned the hills of San Francisco to move to the Welsh countryside-to move, in fact, to the village of Hay-on-Wye, the "Town of Books" that boasts fifteen hundred inhabitants-and forty bookstores. Taking readers into a secluded sanctuary for book lovers, and guiding us through the creation of the author's own first book, Sixpence House becomes a heartfelt and often hilarious meditation on what books mean to us. A #1 BookSense Pick "A delightful book."-Los Angeles Times "Collins' gift is that you don't care where you end up. The journey is enough."-Readerville "The real, engaging heart of the tale is Collins' love of books and other people who love them...Collins muses on antiquarian books the way the rest of us remember lost loves."-San Francisco Chronicle "Funny, informative, somewhat chaotic and full of interesting references...there are numerous meanders into peripheral subjects, seen through the astute eyes of an Anglophile American."-Washington Post

A funny and heartwarming middle grade novel about a girl who writes letters to her favorite astronaut as America prepares for the moon landing.

"When Fern Douglas sees the news about Astrid Sullivan, a thirty-four-year-old missing woman from Maine, she is positive that she knows her. Fern's husband is sure it's because of Astrid's famous kidnapping - and equally famous return - twenty years ago, but Fern has no memory of that, even though it happened an hour outside her New Hampshire hometown, where she's returning for the week to help her father pack for a move. And when Astrid appears in Fern's recurring nightmare, one in which a girl reaches out to her, pleading, Fern fears that it's not a dream at all, but a memory. Back home in New Hampshire, Fern purchases a copy of Astrid's recently published memoir Behind the Red Door- which may have provoked her original kidnapper to abduct her again- and as Fern reads through its chapters, visits the people and places within it, she discovers more evidence that she has an unsettling connection to the missing woman. As her search becomes increasingly desperate, she hopes to remember her past so she can save Astrid in the present--before it's too late"--

Beloved singer-songwriter Judy Collins draws on her personal experience with her son's suicide to guide readers through grieving the loss of a loved one who has died under tragic circumstances. The death of a loved one is always painful and the grieving process complex and profound. Yet when the loss occurs under tragic circumstances, there is a whole other set of emotional variables that the people left behind must face. Questions abound, such as "Could I have stopped this?" Feelings of guilt, shame, and even anger combine with the overwhelming sadness of losing someone who was dearly loved. Drawing on her own experience of losing her son to suicide, as well as her conversations with hundreds of people who have grieved the tragic death of a friend or family member, revered singer-songwriter Judy Collins has culled together seven powerful steps toward healing. The Seven T's are: TRUTH: Tell it. Regardless of how terrible the facts may be and how hard it is to talk about, don't hide the truth about how you lost the person you loved. TRUST: Allow it. Don't let the painful circumstances surrounding the death of your loved one prevent you from talking with friends about your loss. THERAPY: Get it. Seek help-whether through traditional talk therapy, your art, meditation, or whatever method you choose-but get the help you need. TREASURE: Hold on. Don't stop treasuring your loved one. Don't let the horrible events leading to his or her death wash away all of the things that were good and beautiful about that person's life. THRIVE: Keep living with your eyes wide open. Don't give in to the temptation to use alcohol or any other addiction to

blunt or blur your sadness. TREAT: Be kind to yourself. Give yourself the gift of self-nourishment. TRIUMPH: You must. Live a life of joy, abundance, and forgiveness. From a woman famous for her wisdom and compassion, The Seven T's is destined to become a classic on the subject of grieving and loss.
