The only language you need to know to change your results. Inside each of us is a vision of how things could be. Yet most people remain frustrated by a lack of impact, unable to connect and inspire the people they care about the most. Why? There's a language we understand, but rarely use. A language

that's sincere. Powerful. Compelling. A language of words—and actions—that can't be denied. Leadership Language will help you to peel back the ineffective “business speak”, so you can change the conversation. And change your results. Imagine what could happen when you replace frustration with an irresistible vision—for yourself, your team and your organization. Today's leaders face so many challenges—employee retention, operational efficiency, culture, collaboration, leading across generations, and more—but communication is at the heart of every one of those issues. A clear message with a powerful delivery gets you halfway home. Honing in on your next conversation can drive more impact, better relationships, and greater overall effectiveness. For yourself. Your career. Your company. They say there's nothing that can stop an idea whose time has come. So, take the lead. It's time for you to create what's missing. And Leadership Language will show you how. Get clear on your vision, get aligned with your story, and get others engaged with your message. Connect with the people that matter most, in a way that invites innovation and new outcomes. Find the courage to move forward, conquer change, and create powerful impact—while you help others do the same. From student leaders to the C-suite, there is only one way for a leader to make an impact: communication. Leadership Language is your personal guide to

NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER The Globe and Mail Top Leadership and Management Book Forbes Top Creative Leadership Book From the visionary head of Google's innovative People Operations comes a groundbreaking inquiry into the philosophy of work-and a blueprint for attracting the most spectacular talent to your business and ensuring that they succeed. "We spend more time working than doing anything else in life. It's not right that the experience of work should be so demotivating and dehumanizing." So says Laszlo Bock, former head of People Operations at the company that transformed how the world interacts with knowledge. This insight is the heart of WORK RULES!, a compelling and surprisingly playful manifesto that offers lessons including: Take away managers' power over employees Learn from your best employees-and your worst Hire only people who are smarter than you are, no matter how long it takes to find them Pay unfairly (it's more fair!) Don't trust your gut: Use data to predict and shape the future Default to open-be transparent and welcome feedback If you're comfortable with the amount of freedom you've given your employees, you haven't gone far enough. Drawing on the latest research in behavioral economics and a profound grasp of human psychology, WORK RULES! also provides teaching examples from a range of industries-including lauded companies that happen to be hideous places to work and little-known

companies that achieve spectacular results by valuing and listening to their employees. Bock takes us inside one of history's most explosively successful businesses to reveal why Google is consistently rated one of the best places to work in the world, distilling 15 years of intensive worker R&D into principles that are easy to put into action, whether you're a team of one or a team of thousands. *WORK RULES!* shows how to strike a balance between creativity and structure, leading to success you can measure in quality of life as well as market share. Read it to build a better company from within rather than from above; read it to reawaken your joy in what you do.

The book will empower you with the knowledge and skills that will enable you to face interviews with confidence. This revised and updated edition brings into focus the author's vast experience and knowledge in interviewing candidates in the backdrop of the changing trends in the job market today. After completing the medical school application comes the last, and often most challenging aspect of the school selection process; the interview. Notoriously hard to prepare for, it's difficult to know what to read, what questions might be asked and how to answer them. *How to Succeed In Your Medical School Interview* de-mystifies the interview process. It provides clear guidelines and a unique framework; giving you the relevant points to consider while crucially leaving conclusions open to express your own opinions and personality. It provides a systematic and methodical process which enables you to mine information from examiners, whilst demonstrating your academic ability. With a huge bank of questions covering all aspects of the interview spectrum, including a specific section of Oxbridge questions, you will learn how to prepare, how to present yourself and most importantly, what to say.
