Maths Frameworking is a dynamic scheme written to support the Framework for Teaching Mathematics: Years 7, 8 & 9. It offers complete differentiation across Key Stage 3 with a range of features to support teachers and pupils.

Much Ado About Nothing is a comedy by William Shakespeare. First published in 1600, it is likely to have been first performed in the autumn or winter of

1598-1599, and it remains one of Shakespeare's most enduring and exhilarating plays on stage. Stylistically, it shares numerous characteristics with modern romantic comedies including the two pairs of lovers, in this case the romantic leads, Claudio and Hero, and their comic counterparts, Benedick and Beatrice.

The format of Mental Arithmetic differs from that of traditional mental arithmetic materials in that pupils read the questions themselves, use rough paper for workings out, and write down their answers. It provides intensive practice in all areas of the maths curriculum.

Level: KS2 Subject: Maths Suitable for 2020 SATs Boost children's test-taking confidence by using the realistic SATs-style questions included in this Key Stage 2 Maths SATs Question Book by Collins. Specifically designed to get children ready for the Maths Reasoning SAT (Papers 2 and 3), this book covers all the content and skills that children will be tested on. Regular progress tests are included throughout to check understanding every step of the way. Answers and marking schemes are also provided to ensure children are prepared for success ahead of their SATs. For extra SATs practice, try our KS2 Arithmetic SATs Question Book (9780008201623).

Prepare with confidence for the end of year SATs tests with Scholastic National Curriculum Tests. Scholastic's practice tests are fully in line with the Year 2 and Year 6 SATs Tests Each book contains two complete practice tests and a guidance and mark scheme. These practice tests have a similar look to the real test, to help familiarise children with both the content and format of these tests. The guidance and mark scheme provides advice for parents and carers on how to use the tests and how to support children in preparing for them. [Content previously published as separate test papers in packsof the same name]

Richard III - William Shakespeare - Richard III is a play by William Shakespeare. It was probably written c. 1592–1594. It is labelled a history in the First Folio, and is usually considered one, but it is sometimes called a tragedy, as in the quarto edition. Richard III concludes Shakespeare's first tetralogy (also containing Henry VI, Part 1, and Henry VI, Part 2, and Henry VI, Part 3) and depicts the Machiavellian rise to power and subsequent short reign of King Richard III of England. It is the second longest play in the Shakespearean canon, and is the longest of the First Folio, whose version of Hamlet, otherwise the longest, is shorter than its quarto counterpart. The play is often abridged for brevity, and peripheral characters removed. In such cases, extra lines are often invented or added from elsewhere to establish the nature of the characters' relationships. A further reason for abridgment is that Shakespeare assumed his audiences' familiarity with his Henry VI plays, frequently referring to these plays.

A student-friendly and engaging resource for the 2016 Edexcel GCSE Geography B specification, this brand new course is written to match the demands of the specification. As well as providing thorough and rigorous coverage of the spec, this book is designed to engage students in their learning and to motivate them to progress.
