"This is LIFE, people! You've got air coming through your nose! You've got a heartbeat! That means it's time to do something!" announces Kid President in his book, *Kid President's Guide to Being Awesome*. From YouTube sensation (75 million views and counting!) to Hub Network summer series star, Kid President—ten-year-old Robby Novak—and his videos have inspired millions to dance more, to celebrate life, and to throw spontaneous parades. In his *Guide to Being Awesome*, Kid President pulls together lists of awesome ideas to help the world, awesome interviews with his awesome celebrity friends (he has interviewed Beyoncé!), and a step-by-step guide to make pretty much everything a little bit awesomer. Grab a corn dog and settle in to your favorite comfy chair. Pretend it's your birthday! (In fact, treat everyone like it's THEIR birthday!) Kid President is here with a 240-page, full-color *Guide to Being Awesome* that'll spread love and inspire the world.

A Writer's Reference, the most widely adopted handbook in the United States, continues to be groundbreaking in its simplicity, offering the right content in an accessible format. New coauthor Nancy Sommers's own research, campus travel, and classroom experience keep the handbook in tune with the needs of academic writers. In a trusted quick-reference format, the seventh edition delivers advice on all the right topics: working with sources, revising with comments, preparing a portfolio, and more. *A Writer's Reference* offers unprecedented flexibility with several versions to choose from -- a handbook that's truly at your service.

The experience of colonization and the challenges of a post-colonial world have produced an explosion of new writing in English. This diverse and powerful body of literature has established a specific practice of post-colonial writing in cultures as various as India, Australia, the West Indies and Canada, and has challenged both the traditional canon and dominant ideas of literature and culture. *The Empire Writes Back* was the first major theoretical account of a wide range of post-colonial texts and their relation to the larger issues of post-colonial culture, and remains one of the most significant works published in this field. The authors, three leading figures in post-colonial studies, open up debates about the interrelationships of post-colonial literatures, investigate the powerful forces acting on language in the post-colonial text, and show how these texts constitute a radical critique of Eurocentric notions of literature and language. This book is brilliant not only for its incisive analysis, but for its accessibility for readers new to the field. Now with an additional chapter and an updated bibliography, *The Empire Writes Back* is essential for contemporary post-colonial studies. Presents literature from mainstream and alternative American periodicals, including fiction, nonfiction, screenplays, television writing, and alternative comics.

"Microbiology covers the scope and sequence requirements for a single-semester microbiology course for non-majors. The book presents the core concepts of microbiology with a focus on applications for careers in allied health. The pedagogical features of the text make the material interesting and accessible while maintaining the career-application focus and scientific rigor inherent in the subject matter. Microbiology's art program enhances students' understanding of concepts through clear and effective illustrations, diagrams, and photographs. Microbiology is produced through a collaborative publishing agreement between OpenStax and the American Society for Microbiology Press. The book aligns with the curriculum guidelines of the American Society for Microbiology."--BC Campus website.

Writing Matters offers writing instructors and students a four-part framework that focuses the rules and conventions of writing through a lens of responsibility, empowering students to own their ideas and to view their writing as consequential. *Writing Matters* helps students recognize and respect their role in writing by focusing on four key areas of responsibility: Their responsibility to other writers, to their audience, to their topic, and to themselves. Howard's teaching experience has proven that students are more likely to write effectively and responsibly when they think of themselves as writers rather than as error-makers. *Writing Matters* addresses students respectfully as mature and capable fellow writers in the research and writing process.

Skill Development for Generalist Practice by Christina E. Newhill, Elizabeth A. Mulvaney, and Bobby F. Simmons offers an array of competency-building exercises addressing foundational social work knowledge as well as skills and values across micro, mezzo, and macro levels of practice. Designed to be actively used during class time, exercises embrace the diverse range of clients encountered by social workers in various practice settings and reflect a commitment to serving those who are the most vulnerable, at risk, disadvantaged, and marginalized from society.

Provides information on stylistic aspects of research papers, theses, and dissertations, including sections on writing fundamentals, MLA documentation style, and copyright law

Created by the Journal of International Law and Politics at New York University, the *Guide to Foreign and International Legal Citations* is the most comprehensive source for international citations rules. Academic writing is a conversation — a collaborative exchange of ideas to pursue new knowledge. From *Inquiry to Academic Writing: A Text and Reader* demystifies cross-curricular thinking and writing by breaking it down into a series of comprehensible habits and skills that students can learn in order to join in. The extensive thematic reader opens up thought-provoking conversations being held throughout the academy and in the culture at large. Read the preface.

Writing for College and Beyond prepares students for their future college classes by covering the strategies common to most college writing. In the process of being prepared for college writing, however, students are also taught chapter by chapter how

these writing skills will carry forward into their future professional lives beyond college. One of the least expensive first year writing textbooks on the market, the text isn't inflated with material that most instructors and students won't use, and several exercises encourage students to use either provided web or YouTube links as texts supporting their practice for longer assignments. If you're a first year writing instructor and would like to consider this text for your course, email the author at brightfuturespublishing (at) gmail (dot) com for a desk copy.

Gain proficiency in key research skills to become a more successful writer as *Working with Sources* teaches you to craft research questions and thesis statements, properly include sources, and avoid plagiarism.

The acclaimed bestseller that's teaching the world about the power of mass collaboration. Translated into more than twenty languages and named one of the best business books of the year by reviewers around the world, *Wikinomics* has become essential reading for business people everywhere. It explains how mass collaboration is happening not just at Web sites like Wikipedia and YouTube, but at traditional companies that have embraced technology to breathe new life into their enterprises. This national bestseller reveals the nuances that drive wikinomics, and share fascinating stories of how masses of people (both paid and volunteer) are now creating TV news stories, sequencing the human genome, remixing their favorite music, designing software, finding cures for diseases, editing school texts, inventing new cosmetics, and even building motorcycles.

Includes section "Reviews".

Futuring The Exploration of the Future World Future Society Social Issues in America: An Encyclopedia An Encyclopedia Routledge

Political Ideologies provides a broad-ranging introduction to both the classical and contemporary political ideologies. Adopting a global outlook, it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies are presented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies. Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique "stop and think" feature calls for readers to reflect on their own ideological beliefs. Online Resources: *Political Ideologies* is accompanied by comprehensive online resources, to support political ideology courses. For students: * Further reading and resources for each chapter to help students to undertake further research and deepen their understanding and critical thinking; * Regular updates help students to keep up to date with ideologies as frameworks of understanding and political action in the real world. For lecturers: * Indicative answers to questions in the book provide a framework for approaching these; * Powerpoint slides to support each chapter, providing an overview and key points to help with planning; * Further discussion and debate ideas, for use in seminars, encourage big picture thinking about the relationships between ideologies.

One of the most popular and respected style guides ever written, this handbook by a seasoned writer with more than forty years of experience offers ten principles and seven axioms that professional writers use to express their thoughts clearly and effectively. This latest edition is expanded to include an extensive glossary of American idiomatic expressions, developed to assist users from other backgrounds and cultures; new chapters with tips on little-known facts of usage, such as compound words, hyphenation, numeration, and capitalization; and explanations of technical problems encountered in writing and editing with tips and exercises to help solve them. For anyone faced with the challenges of written English, *Writing with Precision* can help readers write more clearly, more effectively, and more precisely than they ever have.

As new media mature, the changes they bring to writing in college are many and suggest implications not only for the tools of writing, but also for the contexts, personae, and conventions of writing. An especially visible change has been the increase of visual elements—from typographic flexibility to the easy use and manipulation of color and images. Another would be in the scenes of writing—web sites, presentation "slides," email, online conferencing and coursework, even help files, all reflect non-traditional venues that new media have brought to writing. By one logic, we must reconsider traditional views even of what counts as writing; a database, for example, could be a new form of written work. The authors of *Writing New Media* bring these ideas and the changes they imply for writing instruction to the audience of rhetoric/composition scholars. Their aim is to expand the college writing teacher's understanding of new media and to help teachers prepare students to write effectively with new media beyond the classroom. Each chapter in the volume includes a lengthy discussion of rhetorical and technological background, and then follows with classroom-tested assignments from the authors' own teaching.

This is the first collective study of the development of philosophy in America, from the 18th century to the present. Leading experts examine distinctive features of American philosophy, trace notable themes, and consider the legacy of key figures. A fascinating resource for anyone interested in modern philosophy or American intellectual history.

This public domain book is an open and compatible implementation of the Uniform System of Citation.

"Zuñi Folk Tales" by Frank Hamilton Cushing. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Review by Cliff Barackman producer of *Finding Bigfoot*. "Finally, a concise and well-written field guide has been published to help the Bigfoot field investigator document various types of evidence in an appropriate way. Dr. Jeff Meldrum has put together a field guide on heavy-duty, waterproof card stock that literally fits in your back pocket or backpack, adding little weight to those ounce-sensitive backpackers with an interest in collecting data from the backcountry. Seemingly thinking of everything, Dr. Meldrum has even included a ruler along the top margin of the Guide so the researcher will always have a scale item for any photos taken in the woods. The *Sasquatch Field Guide* not only helps researchers with identifying possible spoor left by bigfoots, but it also helps him

or her reduce the possibility of misidentifying signs of other animals for those of sasquatches. Also included in the Field Guide are easy-to-understand directions on how to gather and store data in the field in preparation for future analysis. The Guide uses colors and diagrams making it easy to read and understand which could be the difference between successfully gathering data and blowing it when under the pressure of dealing with the real thing out in the field. Sections in the Sasquatch Field Guide include information on visual identification, footprint identification, track casting, gathering footprint metrics, hair samples, scat samples, tree breaks, nests, cultural signs, stacked rocks, habitat and distribution, diet, vocalizations, possible origins, and taphonomy. This hefty brochure-style guide is densely-packed with valuable information that all field researchers should be intimately acquainted with."

What are the attitudes and actions that make great principals stand out? In this internationally renowned bestseller, Todd Whitaker reveals the 20 keys to effective school leadership. This essential third edition features helpful new strategies for recruiting talent through better interview and reference questions, as well as tips for retaining talent. It also offers a new section on how leadership is not an event, but rather requires a consistent approach to affect the climate and eventually shape the culture of your school. Perfect for new and experienced principals, for independent professional reading or for leadership courses, this practical book will leave you feeling inspired and ready to do the things that matter most for the people who ultimately matter most—the students. Provides information on stylistic aspects of research papers, theses, and dissertations, including sections on writing fundamentals, MLA documentation style, and copyright law.

From the Preface: The title for this collection was the title of a course in literary criticism that I gave for many years at Bennington College. And much of the material presented here was used in that course. The title should serve well to convey the gist of these various pieces. For all of them are explicitly concerned with the attempt to define and track down the implications of the term "symbolic action," and to show how the marvels of literature and language look when considered from that point of view.

Designed specifically for undergraduate writing, this easy-to-use pocket guide provides complete guidance for new writers on effective, clear, and inclusive scholarly communication and the essentials of formatting papers and other course assignments. In recent years, cultural commentators have sounded the alarm about the dire state of reading in America. Americans are not reading enough, they say, or reading the right books, in the right way. In this book, Alan Jacobs argues that, contrary to the doomsayers, reading is alive and well in America. There are millions of devoted readers supporting hundreds of enormous bookstores and online booksellers. Oprah's Book Club is hugely influential, and a recent NEA survey reveals an actual uptick in the reading of literary fiction. Jacobs's interactions with his students and the readers of his own books, however, suggest that many readers lack confidence; they wonder whether they are reading well, with proper focus and attentiveness, with due discretion and discernment. Many have absorbed the puritanical message that reading is, first and foremost, good for you--the intellectual equivalent of eating your Brussels sprouts. For such people, indeed for all readers, Jacobs offers some simple, powerful, and much needed advice: read at whim, read what gives you delight, and do so without shame, whether it be Stephen King or the King James Version of the Bible. In contrast to the more methodical approach of Mortimer Adler's classic *How to Read a Book* (1940), Jacobs offers an insightful, accessible, and playfully irreverent guide for aspiring readers. Each chapter focuses on one aspect of approaching literary fiction, poetry, or nonfiction, and the book explores everything from the invention of silent reading, reading responsively, rereading, and reading on electronic devices. Invitingly written, with equal measures of wit and erudition, *The Pleasures of Reading in an Age of Distraction* will appeal to all readers, whether they be novices looking for direction or old hands seeking to recapture the pleasures of reading they first experienced as children.

A new collection from David Sedaris is cause for jubilation. His recent move to Paris has inspired hilarious pieces, including *Me Talk Pretty One Day*, about his attempts to learn French. His family is another inspiration. *You Can't Kill the Rooster* is a portrait of his brother who talks incessant hip-hop slang to his bewildered father. And no one hones a finer fury in response to such modern annoyances as restaurant meals presented in ludicrous towers and cashiers with 6-inch fingernails. Compared by *The New Yorker* to Twain and Hawthorne, Sedaris has become one of our best-loved authors. Sedaris is an amazing reader whose appearances draw hundreds, and his performances including a jaw-dropping impression of Billie Holiday singing *I wish I were an Oscar Meyer weiner* are unforgettable. Sedaris's essays on living in Paris are some of the funniest he's ever written. At last, someone even meaner than the French! The sort of blithely sophisticated, loopy humour that might have resulted if Dorothy Parker and James Thurber had had a love child. *Entertainment Weekly* on Barrel Fever Sidesplitting Not one of the essays in this new collection failed to crack me up; frequently I was helpless. *The New York Times Book Review* on *Naked*

An interactive, multimedia text that introduces students to reading and writing at the college level.

A clear and complete guide to bibliographic and footnoting style for citing on-line information fills a desperate need for coherent rules for these citations, as well as gives guidelines for formatting documents for online preparation, and much more.

Simultaneous. UP.

Truly comprehensive in scope - and arranged in A-Z format for quick access - this eight-volume set is a one-source reference for anyone researching the historical and contemporary details of more than 170 major issues confronting American society. Entries cover the full range of hotly contested social issues - including economic, scientific, environmental, criminal, legal, security, health, and media topics. Each entry discusses the historical origins of the problem or debate; past means used to deal with the issue; the current controversy surrounding the issue from all perspectives; and the near-term and future implications for society. In addition, each entry includes a chronology, a bibliography, and a directory of Internet resources for further research as well as primary documents and statistical tables highlighting the debates.

In today's world, it is more acceptable to be depressed than to be lonely-yet loneliness appears to be the inevitable byproduct of our frenetic contemporary lifestyle. According to the 2004 General Social Survey, one out of four Americans talked to no one about something of importance to them during the last six months. Another remarkable fact emerged from the 2000 U.S. Census: more people are living alone today than at any point in the country's history—fully 25 percent of households consist of one person only. In this crucial look at one of America's few remaining taboo subjects—loneliness—Drs. Jacqueline Olds and Richard S. Schwartz set out to understand the cultural imperatives, psychological dynamics, and physical mechanisms underlying social isolation. In *The Lonely American*, cutting-edge research on the physiological and cognitive effects of social exclusion and emerging work in the neurobiology of attachment uncover startling, sobering ripple effects of loneliness in areas as varied as physical health, children's emotional problems, substance abuse, and even global warming. Surprising new studies tell a grim truth about social isolation: being disconnected diminishes happiness, health, and longevity; increases aggression; and correlates with increasing rates of
