Food is meant to be enjoyed, and Sophie Dahl would have it no other way. Growing up in a family of true food lovers, she began cooking at a young age and never looked back. Miss Dahl's Voluptuous Delights presents nearly one hundred of her tried-and-true recipes, organized around the four seasons and using the freshest ingredients available. Accented with her stories about how she came to know these foods and why she loves them, Miss Dahl's Voluptuous Delights provides a complete picture of what a meal should provide. From lemon-scented summer stews, to crisply burnished pies, to salads and soups for breezy lunches, to decadent desserts, Sophie Dahl cooks food that is indulgent, delicious, and wholesome. It had never been done before. Not in 2,000 years of Japanese recorded history had anyone followed the Cherry Blossom Front from one end of the country to the other. Nor had anyone hitchhiked the length of Japan. But, heady on sakura and sake, Will Ferguson bet he could do both. The resulting travelogue is one of the funniest and most illuminating books ever written about Japan. And, as Ferguson learns, it illustrates that to travel is better than to arrive.

The creator of the Arthurian romance as a genre, Chrétien is revealed in this work as a witty, versatile writer who mastered both the soaring flight of emotion and the devastating aside and was as skillful a debater of the finer points of love as he was a describer of battles.

In late 1953, the seventh year of France's war against the Viet Minh insurgency in its colony of Vietnam, the C-in-C, General Navarre, was encouraged to plant an 'air-ground base' in the Thai Highlands at Dien Bien Phu, to distract General Giap's Vietnamese People's Army from both Annam and the French northern heartland in the Red River Delta, and to protect the Laotian border. Elite French paratroopers captured Dien Bien Phu, which was reinforced between December 1953 and February 1954 with infantry and artillery, a squadron of tanks and one of fighter-bombers, to a strength of 10,000 men. Giap and the VPA General Staff accepted the challenge of a major positional battle; through a total mobilization of national resources, and with Chinese logistical help, they assembled a siege army of 58,000 regular troops, equipped for the first time with 105mm artillery and 37mm AA guns. Here, author Martin Windrow describes how from their first assaults on 13 March 1954, the battle quickly developed into a dramatic 56-day 'Stalingrad in the jungle' that drew the attention of the world. This book presents you with an organized test-preparation routine through the use of proven series elements and techniques. Brief quizzes open each chapter and enable you to decide how much time you need to spend on each section. Exam topic lists make referencing easy. Chapter-ending Exam Preparation Tasks help you drill on key concepts you must know thoroughly.

The stories collected here represent the most recent winners of the PEN/Robert J. Dau Short Story Prize for Emerging Writers, which recognizes twelve writers who have made outstanding debuts in literary magazines in the previous year. Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book

Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs).

Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away.

Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck).

Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend.

Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you.

Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. Go to the "Buy now with 1-click" button at the top of this page, and pick up How to Attract Women RIGHT NOW!
