The large format of this book (8.5 X 11 inches) maximizes the clarity of informational tables, street maps, and other images. 7. The price of this book is a small amount to invest for such a large return! Study with this valuable book - and prepare for success!

The Police Misconduct Complaint Investigations Manual provides a timely and unique, step-by-step approach to conducting or reviewing police misconduct investigations, whether a complaint involves a lower level allegation of discourtesy or more serious concerns such as excessive force or criminal behavior. Utilizing real-life examples and updated case law to illustrate points, it provides best practices for investigating police action resulting in misconduct complaints. The Manual's comprehensive approach includes detailed procedures and policy considerations from intake through case closure, and discusses data tracking, reporting on trends, selecting and training investigative staff, civilian oversight, and a host of special issues that can arise with police misconduct complaints. The Manual is suitable for both sworn personnel and civilians handling or reviewing investigations and whether working internally for a police department or externally in oversight or another capacity. The guidance provides detailed examples of witness interview questions and types of evidence to collect, with discussion on making difficult credibility determinations and approaches to analyzing the information gathered to arrive at a recommended finding. Review questions are found at the end of most chapters, for use in academic or investigative training environments. Police officers engaged in the often complex and challenging work of public safety deserve and expect objective, thorough, and timely handling of complaints.

Complainants and other stakeholders seek accountability and transparency when an officer behaves in a way that raises questions about their professionalism. The Complaint Investigations Manual provides instruction on handling misconduct complaints in a manner that will ensure the goals of law enforcement and stakeholders are met. The authors intentionally use a broad approach to make the Manual relevant and easy to use by law enforcement personnel, civilians in oversight or other capacities who work on police misconduct matters, and the criminal justice academic community. It is a critical primer for internal affairs investigators, police managers, law enforcement leaders, auditing professionals, civilian oversight practitioners, government representatives, community advocates, criminal and social justice students, and all others in pursuit of fair, thorough, and timely investigations of police misconduct complaints.

Competition for top jobs in law enforcement today is tough. It demands your best. "LearningExpress" is dedicated to providing you with the tools to be your best. Our team of researchers, law enforcement professionals, and test experts gives you the information you need to land the job you want.

Peterson's Master the Police Officer Exam: Police Officer Exam Review offers comprehensive review material covering the three types of questions that appear on the written police examination: practice judgment, reading-based, and observation and memory. Readers can find instructions about question topics and also practical suggestions about how to answer these questions. The guide also includes indispensable appendixes that give a comprehensive outline of what to expect once trainees are accepted into the police academy, along with a sample physical fitness course. Peterson's Master the Police Officer Exam helps readers navigate the police application and screening process. For more information see Peterson's Master the Police Officer Exam.

In sheer numbers, no form of government control comes close to the police stop. Each year, twelve percent of drivers in the United States are stopped by the police, and the figure is almost double among racial minorities. Police stops are among the most recognizable and frequently criticized incidences of racial profiling, but, while numerous studies have shown that minorities are pulled over at higher rates, none have examined how police stops have come to be both encouraged and institutionalized. *Pulled Over* deftly traces the strange history of the investigatory police stop, from its discredited beginning as "aggressive patrolling" to its current status as accepted institutional practice. Drawing on the

richest study of police stops to date, the authors show that who is stopped and how they are treated convey powerful messages about citizenship and racial disparity in the United States. For African Americans, for instance, the experience of investigatory stops erodes the perceived legitimacy of police stops and of the police generally, leading to decreased trust in the police and less willingness to solicit police assistance or to self-censor in terms of clothing or where they drive. This holds true even when police are courteous and respectful throughout the encounters and follow seemingly colorblind institutional protocols. With a growing push in recent years to use local police in immigration efforts, Hispanics stand poised to share African Americans' long experience of investigative stops. In a country that celebrates democracy and racial equality, investigatory stops have a profound and deleterious effect on African American and other minority communities that merits serious reconsideration. *Pulled Over* offers practical recommendations on how reforms can protect the rights of citizens and still effectively combat crime.

Helps applicants prepare for police entrance exams by providing sample tests, explanations of correct answers, and tips on test taking.

"A passionate, incisive critique of the many ways in which women and girls of color are systematically erased or marginalized in discussions of police violence." —Michelle Alexander, author of *The New Jim Crow* *Invisible No More* is a timely examination of how Black women, Indigenous women, and women of color experience racial profiling, police brutality, and immigration enforcement. By placing the individual stories of Sandra Bland, Rekia Boyd, Dajerria Becton, Monica Jones, and Mya Hall in the broader context of the twin epidemics of police violence and mass incarceration, Andrea Ritchie documents the evolution of movements centered around women's experiences of policing. Featuring a powerful forward by activist Angela Davis, *Invisible No More* is an essential exposé on police violence against WOC that demands a radical rethinking of our visions of safety—and the means we devote to achieving it.

As communities continue to undergo rapid demographic shifts that modify their composition, culture, and collective values, police departments serving those communities must evolve accordingly in order to remain effective. *The Future of Policing: A Practical Guide for Police Managers and Leaders* provides concrete instruction to agencies on how to promote successful policing by proceeding on a course informed by future trends and emerging community forces. Explores critical variables necessary for decision-making Designed for typical police departments with common structures, problems, and opportunities, this book offers a unique juxtaposition of real-life examples, futures research, emergent trends, and management implications. Each chapter provides a discussion of the professional literature, current and projected trends, and situations faced by agency executives and leaders. Through this multidimensional and contemporaneous approach, the book explores community and political variables crucial to the decision-making process. It describes methods that managers can employ to explore the future and prepare their agencies for possible, probable, and preferable trends and opportunities. Provides specific, concrete examples Drawn from the authors' research, as well as their own instructional and practical experience in the policing profession, this volume goes beyond esoteric, theoretical analysis and instead provides practical and well-grounded strategies for those who aspire to become police managers or current managers wishing to improve their proficiency. Using futures research and methodologies as the foundation for the text, this volume prepares practitioners to meet the challenges of policing and police management in the 21st century.

This comprehensive 2007 test-prep guide features practice exams based on the official California police officer test with detailed instructions on the skills tested. It also gives specific and comprehensive information on becoming a police officer in California, including requirements and qualifications, how and where to apply, whom to call, and a list of salaries and benefits.

Finalist for the International Booker Prize and the National Book Award A haunting Orwellian novel about the terrors of state surveillance, from the acclaimed author of *The Housekeeper and the Professor*. On an unnamed island, objects are disappearing: first hats, then ribbons, birds, roses. . . . Most of the inhabitants are oblivious to these changes, while those few able to recall the lost objects live in fear of the draconian Memory Police, who are committed to ensuring that what has disappeared remains forgotten. When a young writer discovers that her editor is in danger, she concocts a plan to hide him beneath her floorboards, and together they cling to her writing as the last way of preserving the past. Powerful and provocative, *The Memory Police* is a stunning novel about the trauma of loss. **ONE OF THE BEST BOOKS OF THE YEAR THE NEW YORK TIMES \* THE WASHINGTON POST \* TIME \* CHICAGO TRIBUNE \* THE GUARDIAN \* ESQUIRE \* THE DALLAS MORNING NEWS \* FINANCIAL TIMES \* LIBRARY JOURNAL \* THE A.V. CLUB \* KIRKUS REVIEWS \* LITERARY HUB**

The National Police Selection Test (POST) Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: police knowledge, background, skills, and judgment in and for law enforcement situations; understanding and interpreting written material; report writing; arithmetical reasoning; and more.

As figureheads of the most visible segment of criminal justice, today's police administrators are forced to tackle challenges never faced by their predecessors. Heightened local and global threats, advanced technologies, and increased demands for procedural transparency require new levels of flexibility, innovative thinking, and the ability to foster and maintain relationships within the community. It is more crucial than ever to recruit and retain capable leaders to guide law enforcement agencies at this pivotal time

in history. Covering areas such as leadership in policing, use of force, and understanding how the law shapes police practice, *Handbook of Police Administration* examines the key topics that must be considered by law enforcement professionals. Recognizing that police leaders need the skills and traits of a politician, accountant, attorney, field lieutenant, and futurist, the authors cover a variety of contemporary issues surrounding police administration and management. Divided into five thematic sections, it considers the legal aspects of overseeing a public sector organization, as well as how research, technology, and training can assist modern police leaders in performing their duties more effectively and efficiently. The book covers problematic issues such as officers accepting gratuities, undercover work, and the time criteria required for promotional consideration. It concludes with a chapter comparing administrative issues in Australia with many of the subjects previously addressed with regard to U.S. protocol. Using a range of perspective, differing viewpoints, and controversial issues, *Handbook of Police Administration* provides a springboard to stimulate discussion at the cutting-edge of debate in the dynamic field of policing.

Think all California police officer study guides are the same? Think again! With easy to understand lessons and practice test questions designed to maximize your score, you'll be ready. This in-depth case study of a mid-sized police department captures the dynamics, struggles, and successes of police change, revealing the positive organizational and community outcomes that resulted from a persistent drive to reinvent public safety and community relationships. The police profession in the United States faces a legitimacy problem. It is critical that police are prepared to change constantly, be adaptive, and adopt openness to self-reflection and external comparison, moving beyond their comfort zone to overcome the inevitable cultural, structural, and political obstacles. Using previously unpublished longitudinal data examining a 25-year period, Bond-Fortier offers a rich account of the complexity of police management and change within one particular mid-sized city: Lowell, Massachusetts. The multidisciplinary lens applied provides crucial insights into how and why police organizations respond to a changing environment, set certain goals, and make decisions about how to achieve those goals. The book analyzes the community and organizational forces that stimulated change in the Lowell Police Department, describes the changes that enabled the department to achieve national model status, and builds a nexus between influencing forces, interdisciplinary theory, and the creation of an adaptive 21st-century police organization. *Organizational Change in an Urban Police Department: Innovating to Reform* is essential reading for academics and students in criminal justice, criminology, organizational studies, public administration, sociology, political science, and public policy programs, as well as government executives, crime policy analysts, and public- and private-sector managers and leaders engaged in professional development and leadership courses.

Good police officers are often promoted into supervisory positions with little or no training for what makes a good manager. *Effective Police Supervision* provides readers with an understanding of the group behaviors and organizational dynamics necessary to understand the fundamentals of police administration. The *Effective Police Supervision Study Guide*, which includes quizzes and other study tools, gives students, as well as professionals training for promotional exams, a way to review the material and be fully prepared for examinations and the

world of police supervision. This new edition, like the new edition of the textbook it accompanies, includes information on the following topics: police accountability, police involvement with news media, dealing with social media, updates on legal considerations, and avoiding scandals. This groundbreaking history of how American police forces have been militarized is now revised and updated. Newly added material brings the story through 2020, including analysis of the Ferguson protests, the Obama and Trump administrations, and the George Floyd protests. The last days of colonialism taught America's revolutionaries that soldiers in the streets bring conflict and tyranny. As a result, our country has generally worked to keep the military out of law enforcement. But over the last two centuries, America's cops have increasingly come to resemble ground troops. The consequences have been dire: the home is no longer a place of sanctuary, the Fourth Amendment has been gutted, and police today have been conditioned to see the citizens they serve as enemies. In *Rise of the Warrior Cop*, Balko shows how politicians' ill-considered policies and relentless declarations of war against vague enemies like crime, drugs, and terror have blurred the distinction between cop and soldier. His fascinating, frightening narrative that spans from America's earliest days through today shows how a creeping battlefield mentality has isolated and alienated American police officers and put them on a collision course with the values of a free society.

You're probably thinking this is just another typical study guide. Because we know your time is limited, we've created a product that isn't like most study guides. There is no question that more police officers die from suicide than those killed in the line of duty. The suicide and attempted suicide of police officers is a mental health concern that has been neglected for far too long. *Police Suicide: Is Police Culture Killing Our Officers?* provides realistic insight into the life of a police officer through a police officer's eyes. Presenting invaluable lessons learned by a Chicago police officer with more than 20 years of experience, it supplies detailed accounts of what an officer goes through to survive on the streets, as well what he or she gives up in return. A must-read for every new recruit and anyone currently working in law enforcement, this book addresses the critical issues involved with an occupation in policing. Providing comprehensive coverage of the subject, it includes coverage of police culture, stress and burnout, personal issues, emotional survival, suicide prevention, risk factors, and PTSD. The book is practical enough for line officers and has enough theory for an academic course on police stress and suicide. We need to do a better job of preparing police for this stress and a better job caring for our officers throughout their careers. If we do so, we will have better police officers and we will be better served as a society. This book is a primer in that direction. From problems on the street and administrative struggles to personal and family matters, this book provides readers with proven methods for coping with the emotional and physical issues police officers face each day while on the street and at home.

As police work has become increasingly professionalized, classrooms have become a preferred environment for training. However, the best preparation for police work has traditionally been conducted on the job. *Dynamic Police Training* partners the experienced law enforcement officer's "street-smart" perspective of what makes training work with a professional educator's "book-smart" approach to writing curriculum to achieve the best results in police training programs. A results-oriented handbook for police trainers seeking clear and definitive information on curriculum development, the book facilitates training designed to develop students' critical thinking skills, physical competencies, and in-depth understanding of concepts such as use of force, consequences of failure, and value-based judgment. Authored by a former police officer and trainer with over 14 years of experience in the field and the classroom, this volume: Examines the typical strengths and limitations of police trainers and describes how to build on existing skills Explains how to go beyond the lecture and slide show format to make police training an interactive and thought-provoking experience for students Translates the theoretical basis of cognitive, affective, and psychomotor skills training into police-oriented language Outlines the methods for developing high-quality law enforcement instructional content Provides a step-by-step construction guide for law enforcement lesson plan development with versatile templates included for the reader's use Understanding how to write an interactive curriculum that allows police officers to achieve mastery of skills in the classroom is what differentiates outstanding training from the mediocre. *Dynamic Police Training* helps police trainers who deliver, revise, or develop training programs in the academy and beyond, enabling them to achieve top-notch training results within the confines of the classroom setting that translate into real results on the street.

Guides aspiring police officers through the examination process, offering anecdotes, insights, and tips on scoring well on the tests, providing practice exams, and discussing necessary qualifications.

-- Hundreds of practice questions modeled after those on the actual exams -- Concise tips on exam registration, testing procedure, and reading exam results -- Test-taking hints and strategies -- Detailed information on seeking employment after passing the exam -- A must-have for anyone thinking about taking these exams

Rated "Best of the Best" in *Police Exam Prep Books* by BestReviews, September 2018 This updated manual presents information, practice tests, and strategies for the different question types used by police departments throughout the country. It includes: Four full-length practice exams with all questions answered and explained Two official exams given by a large metropolitan police department Streamlining of chapters to more closely reflect the latest question types currently in use General strategies for dealing with multiple-choice questions and specific strategies for taking computer-based multiple-choice tests, as well as for taking the traditional paper/pencil multiple-choice exam All important time management strategies New reading comprehension question types, plus strategies for answering these questions An additional diagnostic exam presents questions like those that have appeared on recent entry-level exams used by police departments across the country. Also included are test-taking tips for all question types, suggested rules for effective study, and a detailed description of a police officer's duties. Updated chapters take into account the recent trend by police departments to rely on oral interviews and computerized testing when selecting police officers.

Police Administration provides a thorough overview of what police supervisors and administrators need to know. The text examines police administration from four distinct perspectives: a systems perspective (the interrelatedness among units and organizations); a traditional, structural perspective (administrative principles, management functions, and the importance of written guidelines); a human behavioral perspective (the human element in organizations); and a strategic management perspective (communications and information systems, performance evaluation, strategies and tactics, and promising approaches to increasing police agency effectiveness). In addition to detailed coverage of management functions and organizational principles, the book emphasizes diversity principles and developing police agencies as learning organizations. A concluding chapter covers contemporary issues, including community engagement, collaboration, globalization, racial profiling, mass media and social media, cyber-crime, terrorism, and homeland security. The eighth edition includes analysis of timely matters such as technology, the police intelligence function, information sharing, interagency cooperation, and more. Each chapter is enhanced with learning objectives, discussion questions, and feature boxes. Six case studies with discussion questions provide opportunities for the reader to review real-world situations.

Quality photographs of evidence can communicate details about crime scenes that otherwise may go unnoticed, making skilled forensic photographers invaluable assets to modern police departments. For those seeking a current and concise guide to the skills necessary in forensic photography, *Police Photography*, Seventh Edition, provides both introductory and more advanced information about the techniques of police documentation. Completely updated to include information about the latest equipment and techniques recommended for high-quality digital forensic photography, this new edition thoroughly describes the techniques necessary for documenting a range of crime scenes and types of evidence, including homicides, arson, and vehicle incidents. With additional coverage of topics beyond crime scenes, such as surveillance and identification photography, *Police Photography*, Seventh Edition is an important resource for students and professionals alike.

The *Police Officer, New York Police Department (NYPD) Passbook(R)* prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: written comprehension; written expression; memorization; problem sensitivity; inductive and deductive reasoning; and more.

Your ticket to a higher score on the police officer exam Police exams are becoming increasingly difficult to pass, as law enforcement agencies are looking for the most capable officers from the candidate application pool. To help select the most qualified candidate, more than half of the departments and agencies throughout the country are following the current trend of using the National Police Officer Selection Test (POST also referred to as NPOST). *Police Officer Exam For Dummies* features three POST exams based on the official test, plus one New York City (NYC) exam. If you're a prospective police officer who needs to take the written exam, *Police Officer Exam For Dummies* gives you all the essential test preparation you need to succeed. Packed with study advice and test-taking tips, you'll get targeted instruction on everything you can expect on the actual exam. Targeted review in judgment, map reading, memory observation, and recall skills Coverage of all key subject areas 4 full-length practice officer exams with answers and detailed explanations Whether you're taking the local, county, state, or federal agency exam, this guide contains everything you need to score your highest on the exam and realize your dream of becoming a police officer.

William Walsh and Gennaro Vito have adapted the strategic management process to the police organizational world in this innovative new text, *Police Leadership and Administration: A 21st-Century Approach*. Focusing principally on the police executive, this book covers pioneering management techniques for leaders facing the challenges of today's complex environment, providing the police practitioner instruction in planning, setting direction, developing strategy, assessing internal and external environments, creating learning organizations, and managing and evaluating the change process. It also tackles how to handle the political, economic, social, and technical considerations that differ from one community to the next. *Police Leadership and Administration* trains individuals to search for solutions, rather than relying on old formulas and scientific management principles. It shows how to tailor responses to the unique problems and issues that professionals are likely to face in the field of law enforcement, providing a foundation with which to adapt to an ever-changing criminal justice climate. This book is essential for forward-thinking police leadership courses in colleges and professional training programs.

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's *The Great American Read* Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

You're probably thinking this is just another typical study guide. Because we know your time is limited, we've created a product that isn't like most study guides. The best-selling bible of the movement to defund the police in an updated edition The massive uprising that followed the police killing of George Floyd in the summer of 2020— by some estimates the largest protests in US history—thrust the argument to defund the police to the forefront of international politics. That case had been put persuasively a few years earlier in *The End of Policing* by Alex Vitale, now a leading figure in the urgent public discussion over policing and racial justice. The central problem, Vitale demonstrates, is the dramatic expansion of the police role over the last forty years. Drawing on firsthand research from across the globe, he shows how the implementation of alternatives to policing—such as drug legalization, regulation, and harm reduction instead of the policing of drugs—has led to reductions in crime, spending, and injustice. This updated edition includes a new introduction that takes stock of the renewed movement to challenge police impunity and shows how we move forward, evaluating protest, policy, and the political situation.
