This wild and entertaining novel expands on the true story of the West Indian slave Tituba, who was accused of witchcraft in Salem, Massachusetts, arrested in 1692, and forgotten in jail until the general amnesty for witches two years later. Maryse Condé brings Tituba out of historical silence and creates for her a fictional childhood, adolescence, and old age. She turns her into what she calls "a sort of female hero, an epic heroine, like the legendary 'Nanny of the maroons,'" who, schooled in the sorcery and magical ritual of obeah, is arrested for healing members of the family that owns her. The Ambitious Guest (+Biographie et Bibliographie) (Glossy Cover Finish): One September night a family had gathered round their hearth, and piled it high with the driftwood of mountain streams, the dry cones of the pine, and the splintered ruins of great trees that had come crashing down the precipice. Up the chimney roared the fire, and brightened the room with its broad blaze. The faces of the father and mother had a sober gladness; the children laughed; the eldest daughter was the image of Happiness at seventeen; and the aged grandmother who sat knitting in the warmest place, was the image of Happiness grown old. There is a certain church, in the city of New York which I have always regarded with peculiar interest on account of a marriage there solemnized under very singular circumstances in my grandmother's girlhood. That venerable lady chanced to be a spectator of the scene, and ever after made it her favorite narrative. Whether the edifice now standing on the same site be the identical one to which she referred I am not antiquarian enough to know, nor would it be worth while to correct myself, perhaps, of an agreeable error by reading the date of its erection on the tablet over the door. It is a stately church surrounded by an enclosure of the loveliest green, within which appear urns, pillars, obelisks, and other forms of monumental marble, the tributes of private affection or more splendid memorials of historic dust. With such a place, though the tumult of the city rolls beneath its tower, one would be willing to connect some legendary interest.

In her acclaimed novels, Susan Vreeland has given us portraits of painting and life that are as dazzling as their artistic subjects. Now, in *The Forest Lover*, she traces the courageous life and career of Emily Carr, who—more than Georgia O'Keeffe or Frida Kahlo—blazed a path for modern women artists. Overcoming the confines of Victorian culture, Carr became a major force in modern art by capturing an untamed British Columbia and its indigenous peoples just before industrialization changed them forever. From illegal potlatches in tribal communities to artists' studios in pre-World War I Paris, Vreeland tells her story with gusto and suspense, giving us a glorious novel that will appeal to lovers of art, native cultures, and lush historical fiction.

"Dr. Heidegger's Experiment" a short story by American author Nathaniel Hawthorne, about a doctor who claims to have been sent water from the Fountain of Youth. Originally published anonymously in 1837, it was later published in Hawthorne's collection *Twice-Told Tales*, also in 1837.

Nothing is "pure" in America, and, indeed, the rich ethnic mix that constitutes our society accounts for much of its amazing vitality. Werner Sollors's new book takes a wide-ranging look at the role of "ethnicity" in American literature and what that literature has said--and continues to say--about our diverse culture. Ethnic consciousness, he contends, is a constituent feature of modernism, not modernism's antithesis. Discussing works from every period of American history, Sollors focuses particularly on the tension between "descent" and "consent"--between the concern for one's racial, ethnic, and familial heritage and the conflicting desire to choose one's own destiny, even if that choice goes against one's heritage. Some of the stories Sollors examines are retellings of the biblical Exodus--stories in which Americans of the most diverse origins have painted their own histories as an escape from bondage or a search for a new Canaan. Other stories are "American-made" tales of melting-pot romance, which may either triumph in intermarriage, accompanied by new world symphonies, or end with the lovers' death. Still other stories concern voyages of self-discovery in which the hero attempts to steer a perilous course between stubborn traditionalism and total assimilation. And then there are the generational sagas, in which, as if by magic, the third generation emerges as the fulfillment of their forebears' dream. Citing examples that range from the writings of Cotton Mather to *Liquid Sky* (a "post-punk" science fiction film directed by a Russian emigre), Sollors shows how the creators of American culture have generally been attracted to what is most new and modern. A provocative and original look at "ethnicity" in American literature ·Covers stories from all periods of our nation's history ·Relates ethnic literature to the principle of literary modernism ·"Grave and hilarious, tender and merciless...The book performs a public service."-Quentin Anderson
