From the New York Times bestselling author of Alternate Side, Anna Quindlen’s classic reflection on a meaningful life makes a perfect gift for any occasion. “Life is made of moments, small pieces of silver amidst long stretches of tedium. It would be wonderful if they came to us unsummoned, but particularly in lives as busy as the ones most of us lead now, that won’t happen. We have to teach ourselves now to live, really live . . . to love the journey, not the destination.” In this treasure of a book, Anna Quindlen, the bestselling novelist and columnist, reflects on what it takes to “get a life”—to live deeply every day and from your own unique self, rather than merely to exist through your days. “Knowledge of our own mortality is the greatest gift God ever gives us,” Quindlen writes, “because unless you know the clock is ticking, it is so easy to waste our days, our lives.” Her mother died when Quindlen was nineteen: “It was the dividing line between seeing the world in black and white, and in Technicolor. The lights came on for the darkest possible reason. . . . I learned something enduring, in a very short period of time, about life. And that was that it was glorious, and that you had no business taking it for granted.” But how to live from that perspective, to fully engage in our days? In A Short Guide to a Happy Life, Quindlen guides us with an understanding that comes from knowing how to see the view, the richness in living.

One of the preeminent political philosophers of the 20th century makes a compelling argument for the political cogency of literary writing in this book which among to his intellectual autobiography and an introduction to his work.

"Perfect love has a breath of poetry which can exalt the relations of the least-instructed human beings." Silas Marner: The Weaver of Raveloe is the third novel by George Eliot, published in 1861. An outwardly simple tale of a linen weaver, it is notable for its strong realism and its sophisticated treatment of a variety of issues ranging from religion to industrialisation to community. Wrongly accused of theft and exiled from a religious community many years before, the embittered weaver Silas Marner lives alone in Raveloe, living only for work and his precious hoard of money. But when his money is stolen and an orphaned child finds her way into his house, Silas is given the chance to transform his life. His fate, and that of Eppie, the little girl he adopts, is entwined with Godfrey Cass, son of the village Squire, who, like Silas, is trapped by his past. Silas Marner, George Eliot's favourite of her novels, combines humour, rich symbolism and pointed social criticism to create an unsentimental but affectionate portrait of rural life.

In the summer of 1976, ten-year-old Eli Book's excitement over Bicentennial celebrations is tempered by his father's flashbacks to the Vietnam War and other family problems, as well as concern about his tough but troubled best friend, Edie.

An exploration of how design might be led by marginalized communities, dismantle structural inequality, and advance collective liberation and ecological survival. What is the relationship between design, power, and social justice? "Design justice" is an approach to design that is led by marginalized communities and that aims explicitly to challenge, rather than reproduce, structural inequalities. It has emerged from a growing community of designers in various fields who work closely with social movements and community-based organizations around the world. This book explores the theory and practice of design justice, demonstrates how universalist design principles and practices erase certain groups of people—specifically, those who are intersectionally disadvantaged or multiply burdened under the matrix of domination (white supremacist heteropatriarchy, ableism, capitalism, and settler colonialism)—and invites readers to "build a better world, a world where many worlds fit; linked worlds of collective liberation and ecological sustainability." Along the way, the book documents a multitude of real-world community-led design practices, each grounded in a particular social movement. Design Justice goes beyond recent calls for design for good, user-centered design, and employment diversity in the technology and design professions; it connects design to larger struggles for collective liberation and ecological survival.

Daniel Deronda is a novel by George Eliot, first published in 1876. It was the last novel she completed and the only one set in the contemporary Victorian society of her day. The work's mixture of social satire and moral searching, along with its sympathetic rendering of Jewish proto-Zionist and Kabbalistic ideas, has made it the controversial final statement of one of the most renowned of Victorian novelists. The novel has been adapted for film three times, once as a silent feature and twice for television. It has also been adapted for the stage, most notably in the 1960s by the 69 Theatre Company in Manchester with Vanessa Redgrave cast as the heroine Gwendolen Harleth. Daniel Deronda contains two main strains of plot, united by the title character. The novel begins in late August 1865[1] with the meeting of Daniel Deronda and Gwendolen Harleth in the fictional town of Leubronn, Germany. Daniel finds himself attracted to, but wary of, the beautiful, stubborn, and selfish Gwendolen, whom he sees losing all her winnings in a game of roulette. The next day, Gwendolen receives a letter from her mother telling her that the family is financially ruined and asking her to come home. In despair at losing all her money, Gwendolen pawns a necklace and debates gambling again to make her fortune. In a fateful moment, however, her necklace is returned to her by a porter, and she realises that Daniel saw her pawn the necklace and redeemed it for her. From this point, the plot breaks off into two separate flashbacks, one which gives us the history of Gwendolen Harleth and one of Daniel Deronda.

Of all the contenders for the title of The Great American Novel, none has a better claim than The Adventures of Huckleberry Finn. Intended at first as a simple story of a boy's adventures in the Mississippi Valley "a sequel to Tom Sawyer" the book grew and matured under Twain's hand into a work of immeasurable richness and complexity. More than a century after its publication, the critical debate over the symbolic significance of Huck's and Jim's voyage is still fresh, and it remains a major work that can be enjoyed at many levels: as an incomparable adventure story and as a classic of American humor. This collection of classic titles by Beauvoir her most well know writings, The Second Sex and The Ethics Of Ambiguity as well as a biography of her life and a rare interview on her book The Second Sex. French writer and feminist, and Existentialist. She is known primarily for her treatise The Second Sex (1949), a scholarly and passionate plea for the abolition of what she called the myth of the "eternal feminine." It became a classic of feminist literature during the 1960s. Her novels expounded the major Existential themes, demonstrating her conception of the writer's commitment to the times. She Came To Stay (1943) treats the difficult problem of the relationship of a conscience to "the other". Of her other works of fiction, perhaps the best known is The Mandarins (1954), a chronicle of the attempts of post-World War II intellectuals to leave their "mandarin" (educated elite) status and engage in political activism. She also wrote four books of philosophy, including The Ethics of Ambiguity (1947). Several volumes of her work are devoted to autobiography which constitute a telling portrait of French intellectual life from the 1930s to the 1970s. In addition to treating feminist issues, de Beauvoir was concerned with the issue of aging, which she addressed in A Very Easy Death (1964), on her mother's death in a hospital. In 1981 she wrote A Farewell to Sartre, a painful account of Sartre's last years. Simone de Beauvoir revealed herself as a woman of formidable courage and integrity, whose life supported her thesis: the basic options of an individual must be made on the premises of an equal vocation for man and woman founded on a common structure of their being, independent of their sexuality.
