What do you do when you want the one person you can never have? Get in and get out. That was India Robidoux's plan for this family visit. But when her brother needs her help with his high-profile political campaign, India has no choice but to stay and face the one man she's been running from for years—Travis, her sister's ex-husband. One hot summer night when Travis was still free, they celebrated her birthday with whiskey and an unforgettable kiss. The memory is as strong as ever—and so are the feelings she's tried so hard to forget. Travis Strickland owes everything to the Robidoux family. There's nothing he wouldn't do for them—his divorce could never change that. Still, he has one regret. Impulsive and passionate, India always understood him better than anyone else. And the longer they work together on the campaign, the more torn he is. Coming between her and her sister is out of the question. But how can he let love pass him by a second time? (Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line.

It was in that context the main character, Kaitlynn Moore, was born. After the death of her father, Kaitlynn assumed an emotional responsibility for her mother and four brothers. Furthering her education, after high school, did not appear to be an option. After visiting the Campus of Mo. Baptist Uni. Kaitlynn does enroll and received a scholarship. During her first year on campus, she found her mother's biological twin, her mother was placed on a kidney transplant list, the love of her life developed Non-Hodgkin's Cancer and her grandfather became seriously ill. An inspirational story of love and the transforming power of music, Stradivarius is a novel that will engage and delight everyone who believes that wonderful things can happen to good people. On the Korean peninsula during the freezing winter of 1951, a wounded American soldier finds a rare violin in the wall of a farmhouse where he has taken refuge. This is the beautifully told story of how a centuries old Stradivarius came to be in that unlikely place and how it changed the life of all those who possessed it. For this great instrument carries a kind of magic and all who use it are wrapped in its spell. This is also the story of two families from different cultures and different parts of the world: one rural, Baptist, Southern; the other, sophisticated, European, Jewish. The link between them is an abiding love of great music, possession of the violin, and the boy genius from the mountains of West Virginia, Ailey Barkwood. The remarkable route by which the violin reaches Ailey's talented hands, the course of love between two special but very different young people, and how great music, real genius and moral choices can alter destiny are the ingredients that make Donald Ladew's tale a novel that can be read, reread and remembered.

The 15 stories in this innovative collection interlock so smoothly that the book as a whole reads like a novel. They follow Mickey Fingerhut from when he is 14 years old in a small Pennsylvania coal mining town, through college, Vietnam, marriage, death of a young son, and divorce, to a search for meaning in the New Mexico desert. The award-winning writer (Book-of-the-Month Club Fellowship, Mississippi Review Prize) examines loneliness, desire, guilt, and a gamut of other human emotions in these stories, which are both accessible and often experimental. Reminiscent of Faulkner in their exploration of the human heart, these stories will also remind some readers of Richard Yates and Ernest Hemingway in the clarity of their art.

Today, Arkady and Boris Strugatsky are counted among the best science fiction writers of the twentieth century, but their relationship with the late-Soviet literary establishment in their home country of Russia was often fraught. Acclaimed during the brief Khrushchev Thaw, the Strugatskys began to fall from grace in the late 1960s as publishers became increasingly reluctant to release their works. The authors' inability to publish, however, diminished neither their productivity nor their popularity among readers. Their novels and short stories, retyped by hand, circulated widely through unofficial channels within the Soviet Union and occasionally turned up abroad in unauthorized translation. The nested novels *Ugly Swans* and *Lame Fate* offer insight into this period of enforced silence. Never before translated into English, *Lame Fate* is the first-person account of middle-aged author Felix Sorokin. When the Soviet Writers' Union asks him to submit a writing sample to a newfangled machine that can supposedly evaluate the "objective value" of any literary work, he faces a dilemma. Should he present something establishment-approved but middling, or risk sharing his unpublished masterpiece, which has languished in his desk drawer for years? Sorokin's masterwork is *Ugly Swans*, previously published in English as a standalone work but presented here in an authoritative new translation. *Ugly Swans* chronicles the travails of disgraced literary celebrity Victor Banev, who returns to his provincial hometown to find it haunted by the mysterious clammys—black-masked men residing in a former leper colony. Possessing supernatural talents, including the ability to control the weather, the clammys terrify the town's adult population but enthrall its teenagers, including Banev's daughter Irma. Together, *Lame Fate* and *Ugly Swans* illuminate some of the Strugatskys' favorite themes—the (im)possibility of political progress, the role of the individual in society, the nature of honor and courage, and the enduring value of art—in consummately entertaining fashion. By turns chilling, uproarious and moving, these intertwining stories are sure to delight readers from all walks of life.

From a seductive storyteller who dares to plumb the dark, passionate depths of the heart and soul comes an absorbing new erotic thriller that is also a gripping tale of psychological suspense. SHEET MUSIC Grief-stricken Justine Pagett fled to Paris after her mother's death, but scandal forces her back to the States to redeem her tarnished reputation as a journalist. Commissioned to write a piece on the eccentric classical composer Sophie DeLyon, Justine finds herself part of a mysterious deception. At Euphonia, the exclusive institution DeLyon created to nurture America's most gifted music prodigies, a malevolent presence is composing a deadly work. Threatening cybermessages meant to intimidate convince a determined Justine that fascinating secrets await her. But when Sophie suddenly disappears, Justine's assignment to mine the story behind the legend becomes an even greater challenge. The disharmonious DeLyon family seems more interested in Sophie's estate than in her artistic legacy, and a group of devoted fans is fiercely defending the name of the enigmatic genius. Wrestling with her own demons while searching for the truth, Justine is clear about one thing: Someone is orchestrating a deadly deceit . . . from which no one will emerge unscathed. An expertly crafted opus of obsessive passions and poisonous shame, of brilliant achievements and brutal deception, *Sheet Music* confirms M. J. Rose's place at the forefront of today's top psychological suspense writers.

Professor Litman's work stands out as well-researched, doctrinally solid, and always piercingly well-written.-JANE GINSBURG, Morton L. Janklow Professor of Literary and Artistic Property, Columbia University  
Litman's work is distinctive in several respects: in her informed historical perspective on copyright law and its legislative policy; her remarkable ability to translate complicated copyright concepts and their implications into plain English; her willingness to study, understand, and take seriously what ordinary people think copyright law means; and her creativity in formulating alternatives to the copyright quagmire. -PAMELA SAMUELSON, Professor of Law and Information Management; Director of the Berkeley Center for Law & Technology, University of California, Berkeley  
In 1998, copyright lobbyists succeeded in persuading Congress to enact laws greatly expanding copyright owners' control over individuals' private uses of their works. The efforts to enforce these new rights have resulted in highly publicized legal battles between established media and new upstarts. In this enlightening and well-argued book, law professor Jessica Litman questions whether copyright laws crafted by lawyers and their lobbyists really make sense for the vast majority of us. Should every interaction between ordinary consumers and copyright-protected works be restricted by law? Is it practical to enforce such laws, or expect consumers to obey them? What are the effects of such laws on the exchange of information in a free society? Litman's critique exposes the 1998 copyright law as an incoherent patchwork. She argues for reforms that reflect common sense and the way people actually behave in their daily digital interactions. This paperback edition includes an afterword that comments on recent developments, such as the end of the Napster story, the rise of peer-to-peer file sharing, the escalation of a full-fledged copyright war, the filing of lawsuits against thousands of individuals, and the June 2005 Supreme Court decision in the *Grokster* case. Jessica Litman (Ann Arbor, MI) is professor of law at Wayne State University and a widely recognized expert on copyright law.

Every year, *Sleepers* assembles a motley crew of new and established (but mostly new - mostly never heard of) writers for their critically acclaimed collection of short fiction (with occasional miscellany): *The Sleepers Almanac*. This year sees new stories from people the eds had previously not heard of, including the incredibly talented likes of Isabelle Li and Julie Koh. But there are names that might be familiar, too, to those who love short stories: Brad Bryant, Pierz Newton-John, or Sian Prior, perhaps better known for her journalism, but proving that she knows how to wrangle a story too. What makes the *Almanac* different is its breadth. The *Almanac*, which focuses on new and emerging authors, is the result of a slush-pile read, where writers from all over the country have been encouraged to send in stories up to 10,000 words long.

This work, a companion to the author's *Broadway Sheet Music: A Comprehensive Listing of Published Music from Broadway and Other Stage Shows, 1918 through 1993* (McFarland 1996), provides information about all sheet music published (1843–1918) from all Broadway productions—plus music from local shows, minstrel shows, night club acts, vaudeville acts, touring companies, and

shows on the road that never made it to Broadway—and all the major musicals from Chicago.

The more there is to overcome, the more I want her. Love is not for me, but if I marriage is what it takes to become my father's successor and save my family's fortune from ruin, so be it. This is all for show. I just need to play it safe until the fake wedding fuss is over. But then she shows up. The cute pianist, hired to play at my engagement party. Sweet Elodie. Shy, innocent and virtuoso - off limits and impossible for me to claim. Elodie is a sweet risk and a challenge like no other. Her weak attempts at fending me off only fuel my greedy hunger. She'll be mine. Even if that means putting everything I've worked for on the line. The Vietnam War. Hippies. Social protest. Racial tension. Onto this volatile backdrop of cultural and political turmoil, the latest generation of the Morgan family takes center stage.
