In search of answers and action, the award-winning poet and essayist Lisa Wells brings us *Believers*, introducing trailblazers and outliers from across the globe who have found radically new ways to live and reconnect to the Earth in the face of climate change. We find ourselves at the end of the world. How, then, shall we live? Like most of us, Lisa Wells has spent years overwhelmed by increasingly urgent news of climate change on an apocalyptic scale. She did not need to be convinced of the stakes, but she could not find practical answers. She embarked on a pilgrimage, seeking wisdom and paths to action from outliers and visionaries, pragmatists and iconoclasts. *Believers* tracks through the lives of these people who are dedicated to repairing the earth and seemingly undaunted by the task ahead. Wells meets an itinerant gardener and misanthrope leading a group of nomadic activists in rewilding the American desert. She finds a group of environmentalist Christians practicing “watershed discipleship” in New Mexico and another group in Philadelphia turning the tools of violence into tools of farming—guns into ploughshares. She watches the world’s greatest tracker teach others how to read a trail, and visits botanists who are restoring land overrun by invasive species and destructive humans. She talks with survivors of catastrophic wildfires in California as

they try to rebuild in ways that acknowledge the fires will come again. Through empathic, critical portraits, Wells shows that these trailblazers are not so far beyond the rest of us. They have had the same realization, have accepted that we are living through a global catastrophe, but are trying to answer the next question: How do you make a life at the end of the world? Through this miraculous commingling of acceptance and activism, this focus on seeing clearly and moving forward, Wells is able to take the devastating news facing us all, every day, and inject a possibility of real hope. Believers demands transformation. It will change how you think about your own actions, about how you can still make an impact, and about how we might yet reckon with our inheritance.

Northern New England, a rugged landscape dotted with transient settlements, posed challenges to the traditional town church in the wake of the American Revolution. Using the methods of spatial geography, Shelby M. Balik examines how migrants adapted their understanding of religious community and spiritual space to survive in the harsh physical surroundings of the region. The notions of boundaries, place, and identity they developed became the basis for spreading New England's deeply rooted spiritual culture, even as it opened the way to a new evangelical age.

Salma must use her coding talent, wits, and faith to expose the truth and protect the only home she's ever known--before it's too late.

Did God create life, or did the world spontaneously appear? Drawing on meticulous research into the scientific and religious realms, *Our Universe* is a detailed study of the origin of the universe, life on Earth, and the destiny of mankind. Biophysics professor Faiz M. Khan combines both faith and science to present a balanced overview of a highly controversial topic. Khan explores the scientific analysis of creation with knowledge-based dialogue about the most modern scientific thought on the beginnings of the universe, cosmic evolution, and biologic evolution; and he contrasts these with the creationist view held by the world's major religions. Concise and compelling, *Our Universe* provides an

unbiased and comprehensive view of some of philosophy's most debated topics and serves as a thoughtful springboard for further discussion. Khan's discourse also reflects one man's painstaking quest for an answer to a fundamental question at the very core of our existence.

Original works by godly writers, tailored for the understanding of today's reader For hundreds of years Christendom has been blessed with Bible commentaries written by great men of God who were highly respected for their godly walk and their insight into spiritual truth. The Crossway Classic Commentary Series, carefully

adapted for maximum understanding and usefulness, presents the very best work on individual Bible books for today's believers. Addressed to persecuted believers, Peter's first letter encourages them with the knowledge that it is possible to live victoriously in the midst of hostility—just as Christ, who suffered unjustly, did. He exhorts them to live a holy life that they might be a witness and evangelize the world through their faithfulness. In his second epistle, Peter warns against the more subtle dangers from within the church—false teachers and errant doctrine. He also emphasizes the importance of scriptural knowledge, for only in understanding true doctrine will heresies be known and immoral behavior be exposed. Robert Leighton and Griffith Thomas's exploration of 1 and 2 Peter's key passages offers resounding wisdom that will both instruct and encourage all Christians.

The book opens with a prologue set in mid-sixties London, where Joel Litvinoff, an American civil rights lawyer, meets a young Englishwoman, Audrey. After a brief and apparently casual affair, she decides to go to the United States and marry him. The main narrative then commences in New York in 2002. Joel is 72 and approaching the end of a long and illustrious career as an activist lawyer. He and Audrey live in Greenwich Village and have three adult children: two daughters, Rosa and Karla, and an adopted son, Lenny. Audrey is now an acid-tongued, domineering woman in late middle age who fiercely defends, but never questions, the political

stance that has shaped her life. Her most tender feelings appear to be directed towards Lenny, a frequent drug user who is incapable of personal responsibility. Karla, the neglected and under-appreciated oldest child, is a social worker who is married, not very happily, to Mike. They have been trying unsuccessfully to start a family. Rosa works with disadvantaged young girls. She is becoming increasingly interested in Judaism, a faith rejected along with all others by her Jewish parents. For this she is much derided by Audrey. Joel suffers a stroke while in court and is in a coma for most of the time span covered by the book. Audrey is convinced he is not getting proper care in the hospital and creates difficulties for its medical staff. During this time of stress, Karla's unhappiness with her marriage rises to the surface. She begins an affair with Khaled, originally from Egypt, who runs a newspaper store at the hospital where they both work. Rosa immerses herself in the study of Orthodox Judaism and, though she finds many of its teachings difficult to accept, though she perseveres. A stranger, Berenice Mason, introduces herself to Audrey, claiming that her son is Joel's illegitimate child. Though Audrey initially dismisses her with contempt, it emerges that her story is true and that Berenice has been receiving regular financial support from Joel. Lenny is persuaded by Audrey's friend Jean to go to her country home in Pennsylvania for a month in order to

get off drugs. He makes great progress there and, when Audrey visits, he proposes settling in Pennsylvania permanently. Appalled by the prospect of losing him, Audrey does her best to discourage the idea. Rosa abandons, and then takes up again, her studies in Orthodox Judaism deciding finally that she must pursue her religious intuitions. Joel dies without regaining consciousness. At his funeral, which is attended by thousands, Audrey gives a eulogy in which she celebrates her 40-year marriage to her husband and makes a public acknowledgment of Berenice and her son. At the reception afterwards, Karla makes a last-minute, momentous decision regarding her own marriage.

What does Paul mean when he says, "to walk (lead a life) worthy of the [divine] calling to which you have been called"? God says to the readers of Ephesians and to each of us, "Here, my child. This is your identity, your position; stand in your rights!" Paul's great letter to the church located in a city full of idols and paganism is quite appropriate for study in our day. It could be called Paul's masterpiece because of its depth and vastness. Ephesians could be considered a theology course for every believer, or perhaps a treatise on the church. Paul desires every reader to mature in faith, love, character, and revelation. He celebrates in a basic theme of redemption by God and describes how the redeemed person should live. Paul's revelation on

many subjects is our Scripture and guide for life. He expounds on: existence in Christ; the spiritual blessings of every believer; the role of The Holy Spirit in the Christian's life; the transformation of grace; election, predestination and adoption of God's children; redemption through Christ's blood; family life; and spiritual warfare and God's mighty armor. I encourage you to make a journey with me through Ephesians. I believe it will change your life.

Inspiring devotional reading from two classic writers Both Andrew Murray and C. H. Spurgeon wrote and taught about the immeasurable value of intercessory prayer in the life of every believer and the entire church. They believed that persistent, fervent prayer is, perhaps, the greatest work that every Christian can do by the grace of God and in the power of the Holy Spirit. Spurgeon told his congregation, "No one can do me a truer kindness in this world than to pray for me." Editor L. G. Parkhurst has compiled selections on this important topic from Murray's devotional books and Spurgeon's sermons updating them for today's reader. The thirty-one devotionals begin with a reading by Murray, then Spurgeon's commentary on that aspect of intercession as well as a concluding prayer. The Believer's Secret of Intercession powerfully persuades us to labor together and individually in fervent prayer so that sinners might be converted and blessings might fall upon the saints of God. “An extraordinary novel . . . a triumph of insight and storytelling.” —Associated Press “A true masterpiece.” —Glennon Doyle, author of *Untamed*

An extraordinary story set in the first century about a woman who finds her voice and her destiny, from the celebrated number one New York Times bestselling author of *The Secret Life of Bees* and *The Invention of Wings* In her mesmerizing fourth work of fiction, Sue Monk Kidd takes an audacious approach to history and brings her acclaimed narrative gifts to imagine the story of a young woman named Ana. Raised in a wealthy family with ties to the ruler of Galilee, she is rebellious and ambitious, with a brilliant mind and a daring spirit. She engages in furtive scholarly pursuits and writes narratives about neglected and silenced women. Ana is expected to marry an older widower, a prospect that horrifies her. An encounter with eighteen-year-old Jesus changes everything. Their marriage evolves with love and conflict, humor and pathos in Nazareth, where Ana makes a home with Jesus, his brothers, and their mother, Mary. Ana's pent-up longings intensify amid the turbulent resistance to Rome's occupation of Israel, partially led by her brother, Judas. She is sustained by her fearless aunt Yaltha, who harbors a compelling secret. When Ana commits a brazen act that puts her in peril, she flees to Alexandria, where

startling revelations and greater dangers unfold, and she finds refuge in unexpected surroundings. Ana determines her fate during a stunning convergence of events considered among the most impactful in human history. Grounded in meticulous research and written with a reverential approach to Jesus's life that focuses on his humanity, *The Book of Longings* is an inspiring, unforgettable account of one woman's bold struggle to realize the passion and potential inside her, while living in a time, place and culture devised to silence her. It is a triumph of storytelling both timely and timeless, from a masterful writer at the height of her powers.

In *Eager*, environmental journalist Ben Goldfarb reveals that our modern idea of what a healthy landscape looks like and how it functions is wrong, distorted by the fur trade that once trapped out millions of beavers from North America's lakes and rivers. The consequences of losing beavers were profound: streams eroded, wetlands dried up, and species from salmon to swans lost vital habitat.

Today, a growing coalition of "Beaver Believers"--including scientists, ranchers, and passionate citizens--recognizes that ecosystems with beavers are far healthier, for humans and non-humans alike, than those without them. From the Nevada deserts to the Scottish highlands, Believers are now hard at work restoring these industrious rodents to their former haunts. *Eager* is a powerful

story about one of the world's most influential species, how North America was colonized, how our landscapes have changed over the centuries, and how beavers can help us fight drought, flooding, wildfire, extinction, and the ravages of climate change. Ultimately, it's about how we can learn to coexist, harmoniously and even beneficially, with our fellow travelers on this planet.

In his letter to his protégé, Timothy, Paul says, "I have fought the good fight." In Arabic, those last three words are translated jihad. In *Secret Believers*, readers are introduced to Brother Andrew's protégé in the Muslim world, Butros. In this riveting true story of the Middle Eastern Church struggling to come to grips with hostile governments, terrorist acts, and an influx of Muslims coming to Christ, readers will meet a group of men and women they never knew existed. The names and places have been changed to protect the real people in the real places. But the stories are true. In his most incredible and eye-opening book to date, Brother Andrew invites you to meet:

- Ahmed, a young Muslim terrified by nightmares until he is introduced to Isa (Jesus)
- Mustafa, a former leader in a fundamentalist Muslim movement that persecuted Christians
- Salima, a privileged young Muslim woman who is held captive by her family when they find a Bible in her possession
- Abuna, a priest faced with an aging congregation and constant threats to his beloved

church • and many more. Secret Believers not only gives readers a glimpse of the lives of these courageous believers, it also proposes four practical initiatives for Christians in the West to help these persecuted brothers and sisters. It calls us to join this new kind of jihad, leaving vengeance behind in favor of forgiveness, radical love, and unyielding prayer.

THE NEW YORK TIMES BESTSELLER As seen on The Joe Rogan Experience! A groundbreaking dive into the role psychedelics have played in the origins of Western civilization, and the real-life quest for the Holy Grail that could shake the Church to its foundations. The most influential religious historian of the 20th century, Huston Smith, once referred to it as the "best-kept secret" in history. Did the Ancient Greeks use drugs to find God? And did the earliest Christians inherit the same, secret tradition? A profound knowledge of visionary plants, herbs and fungi passed from one generation to the next, ever since the Stone Age? There is zero archaeological evidence for the original Eucharist – the sacred wine said to guarantee life after death for those who drink the blood of Jesus. The Holy Grail and its miraculous contents have never been found. In the absence of any hard data, whatever happened at the Last Supper remains an article of faith for today's 2.5 billion Christians. In an unprecedented search for answers, The Immortality Key examines the archaic

roots of the ritual that is performed every Sunday for nearly one third of the planet. Religion and science converge to paint a radical picture of Christianity's founding event. And after centuries of debate, to solve history's greatest puzzle. Before the birth of Jesus, the Ancient Greeks found salvation in their own sacraments. Sacred beverages were routinely consumed as part of the so-called Ancient Mysteries – elaborate rites that led initiates to the brink of death. The best and brightest from Athens and Rome flocked to the spiritual capital of Eleusis, where a holy beer unleashed heavenly visions for two thousand years. Others drank the holy wine of Dionysus to become one with the god. In the 1970s, renegade scholars claimed this beer and wine – the original sacraments of Western civilization – were spiked with mind-altering drugs. In recent years, vindication for the disgraced theory has been quietly mounting in the laboratory. The constantly advancing fields of archaeobotany and archaeochemistry have hinted at the enduring use of hallucinogenic drinks in antiquity. And with a single dose of psilocybin, the psychopharmacologists at Johns Hopkins and NYU are now turning self-proclaimed atheists into instant believers. But the smoking gun remains elusive. If these sacraments survived for thousands of years in our remote prehistory, from the Stone Age to the Ancient Greeks, did they also survive into the age of Jesus? Was the Eucharist of the earliest Christians,

in fact, a psychedelic Eucharist? With an unquenchable thirst for evidence, Muraresku takes the reader on his twelve-year global hunt for proof. He tours the ruins of Greece with its government archaeologists. He gains access to the hidden collections of the Louvre to show the continuity from pagan to Christian wine. He unravels the Ancient Greek of the New Testament with the world's most controversial priest. He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of Christianity's oldest monuments. He breaches the secret archives of the Vatican to unearth manuscripts never before translated into English. And with leads from the archaeological chemists at UPenn and MIT, he unveils the first scientific data for the ritual use of psychedelic drugs in classical antiquity. The Immortality Key reconstructs the suppressed history of women consecrating a forbidden, drugged Eucharist that was later banned by the Church Fathers. Women who were then targeted as witches during the Inquisition, when Europe's sacred pharmacology largely disappeared. If the scientists of today have resurrected this technology, then Christianity is in crisis. Unless it returns to its roots. This step by step guide will teach you how to apply biblical principles to conquer the giants that have inhabited your promised land, increase your credit scores, decrease debt, and grow your savings account so that you can walk in the authority of God and receive the property that He has promised you. *The Believer's Edge* is a brief parable that illustrates the benefits of religious faith and practice. Scientific research reveals that religiously active people make good neighbors, build better communities, and live happier, healthier lives. But scientific studies are dull. In contrast, *The Believer's Edge* is a charming parable that tells the story of Derek, a family man who senses that he is losing his way. Then he meets a cast of colorful characters who tell him about the benefits they enjoy by being active in a religious community. In the end Derek has a choice about what to do with that information. The Pharisees Are Coming to Jesus: Secret Believers in Israel and America reveals how the Holy Spirit is removing the scales from the eyes of Orthodox Jews, the descendants of the Pharisees who opposed Jesus 2,000 years ago. In Israel today, Orthodox and Chasidic Jews meet privately as believers in Yeshua (Jesus) during the week but return to their usual synagogues on the Sabbath, waiting for the others to be inspired by the Holy Spirit. They are replicating the first Jewish believers in Jerusalem, who met secretly to worship Yeshua but continued to visit the Temple daily. After all, why would a Jew who has found Jesus to be the Messiah leave the Judaism that Jesus practiced? After revealing this, the author goes on to explore concepts in Judaism that were suppressed by the First Century rabbis as sounding too Christian. He then identifies these Christian truths hidden in Judaism by critically reviewing the biblical teachings of world-renowned Rabbi Samson Raphael Hirsch, who often sounds like a Spirit-filled evangelist whose eyes have been opened. "Anthony Cardinale is a gifted journalist and author who has immersed himself for over 30 years in a move of God that is for the most part unknown to most Christians. This Book "The Three Groups of Believers" is written based upon over 20 years of experience as a church leader and a pastor. The Book is written to help enlighten pastors and church leaders about the different groups of people they are dealing with. The Bible shows us clearly how these groups of people affected the Ministry of Moses, Jesus and the apostles Peter and Paul of the early church and how they dealt with them carefully and properly. These groups still exist in the church of today. This Book discloses the secret of how to identify these groups of Believers and handle them properly. "Again, the kingdom of heaven is like unto a net, that was cast into the sea, and gathered of every kind: Which, when it was full, they drew to shore, and sat down, and gathered the good into vessels, but cast the bad away. So shall it be at the end of the world: the angels shall come forth, and sever the wicked from among the just, And shall cast them into the furnace of fire: there shall be wailing and gnashing of teeth." Written over a period of five years, The Secret Series books contain a wealth of teaching that is based on Andrew Murray's mature and full experience in Christ. The Secret of Intercession teaches that our lives and faith are strengthened when we persistently pursue God. This one month of daily selections rouses Christians to a right sense of the solemn duty, the high privilege and the wonderful power of intercession. Brief and to the point, Murray writes to foster the spirit of devotion and prayer that is so essential to the Christian life.

Here are thirty-one devotionals from Andrew Murray combined with Brother Lawrence's practical commentary on practicing the presence of Christ.

"If the trumpet give an uncertain sound, who shall prepare himself to the battle?"—1 Corinthians 14:8 THE volume now in the reader's hands consists of a series of papers, systematically arranged, on the leading truths of Christianity which are "necessary to salvation." Few, probably, will deny that there are some things in religion about which we may think

Get Free The Believers Secret Of The Abiding Presence The Andrew

other people hold very erroneous views, and are, notwithstanding, in no danger of being finally lost. About baptism and the Lord's Supper,—about the Christian ministry,—about forms of prayer and modes of worship,—about the union of Church and State,—about all these things it is commonly admitted that people may differ widely, and yet be finally saved. No doubt there are always bigots and extreme partisans, who are ready to excommunicate every one who cannot pronounce their Shibboleth on the above-named points. But, speaking generally, to shut out of heaven all who disagree with us about these things, is to take up a position which most thoughtful Christians condemn as unscriptural, narrow; and uncharitable. On the ether hand, there are certain great truths of which some knowledge, by common consent, appears essential to salvation. Such truths are the immortality of the soul,—the sinfulness of human nature, the work of Christ for us as our Redeemer, the work of the Holy Ghost in us,—forgiveness, justification,—conversion,—faith,—repentance,—the marks of a right heart,—Christ's invitations,—Christ's intercession, and the like. If truths like these are not absolutely necessary to salvation, it is difficult to understand how any truths whatever can be called necessary. If people may be saved without knowing anything about these truths, it appears to me that we may throw away our Bibles altogether, and proclaim

Get Free The Believers Secret Of The Abiding Presence The Andrew

that the Christian religion is of no use. From such a miserable conclusion I hope most people will shrink back with horror. To open out and explain these great necessary truths,—to confirm them by Scripture,—to enforce them by some appeals to the conscience of all who read this volume,—this is the simple object of the series of papers which is now offered to the public. The name which I have selected will prepare the reader to expect no new doctrines in this volume. It is simple, unadulterated, old-fashioned Evangelical theology. It contains nothing but the “Old Paths” in which the Apostolic Christians, the Reformers, the best English Churchmen for the last three hundred years, and the best Evangelical Christians of the present day, have persistently walked. From these “paths.” I see no reason to depart. They are often sneered at and ridiculed, as old-fashioned, effete, worn out, and powerless in the Nineteenth Century. Be it so. “None of these things move me.” I have yet to learn that there is any system of religious teaching, by whatever name it may be called, High, or Broad, or Romish, or Neologian, which produces one quarter of the effect on human nature that is produced by the old, despised system of doctrine which is commonly called Evangelical. I willingly admit the zeal, earnestness, and devotedness of many religious teachers who are not Evangelical. But I firmly maintain that the way of the school to which I belong

Get Free The Believers Secret Of The Abiding Presence The Andrew

is the “more excellent way.” The longer I live the more I am convinced that the world needs no new Gospel, as some profess to think. I am thoroughly persuaded that the world needs nothing but a bold, full, unflinching teaching of the “old paths.” The heart of man is the same in every age. The spiritual medicine which it requires is always the same. The same Gospel which was preached by Latimer, and Hooper, and Bradford, ruby Hall, Deviant, Usher, Reynolds, and Hopkins,—by Manton, Brooks, Watson, Charnock, Owen, and Gurnall,—by Romaine, Venn, Grimshaw, Hervey, and Cecil,—this is the gospel which alone will do real good in the present day. The leading doctrines of that gospel are the substance of the papers which compose this volume. They are the doctrines, I firmly believe, of the Bible and the Thirty-nine Articles of the Church of England. They are doctrines which, I find, wear well, and in the faith of them I hope to live and die. I repeat most emphatically that I am not ashamed of what are commonly called “Evangelical principles.” Fiercely and bitterly as those principles are assailed on all sides,—loudly and scornfully as some proclaim that they have done their work and are useless in this day, I see no evidence whatever that they are defective or decayed, and I see no reason for giving them up. No doubt other schools of thought produce great outward effects on mankind, gather large congregations, attain great popularity, and by means

Get Free The Believers Secret Of The Abiding Presence The Andrew

of music, ornaments, gestures, postures, and a generally histrionic ceremonial, make a great show of religion. I see it all, and I am not surprised. It is exactly what a study of human nature by the light of the Bible would lead me to expect. But for real inward effects on hearts, and outward effects on lives, I see no teaching so powerful as thorough, genuine Evangelical teaching. Just in proportion as the preachers of other schools borrow Evangelical weapons and Evangelical phraseology I see them obtaining influence. No doubt the good that is done in the world is little, and evil abounds. But I am certain that the teaching which does most good is that of the despised Evangelical school. It is not merely true and good up to a certain point, and then defective and needing additions, as some tell us; it is true and good all round, and needs no addition at all. If those who hold Evangelical views were only more faithful to their own principles, and more bold, and uncompromising, and decided, both in their preaching and their lives, they would soon find, whatever infidels and Romanists may please to say, that they hold the only lever which can shake the world. The readers of the many tracts which God has allowed me to send forth for thirty years, must not expect much that they have not seen before, in "Old Paths." Experience has taught me, at last, that the peculiar tastes of all classes of society must be consulted, if good is to be done by the press. I am

Get Free The Believers Secret Of The Abiding Presence The Andrew

convinced that there are thousands of people in England who are willing to read a volume, but will never look at anything in the form of a tract. It is for them that I now send forth "Old Paths." Those who read through this book continuously, and without a pause, will, doubtless, observe a certain degree of sameness and similarity in some of the papers. The same thoughts are occasionally repeated, though in a different dress. To account for this, I will ask them to remember that most of the papers were originally written separately, and at long intervals of time, in some cases of as much as twenty years. On calm reflection, I have thought it better to republish them, pretty much as they originally appeared. Few readers of a religious book like this read it all through at once; and the great majority, I suspect, find it enough to read quietly only one or two chapters at a time. I now send forth the volume with a deep sense of its many defects; but with an earnest prayer that it may do some good. J. C. LIVERPOOL. This classic includes the following chapters: Chapter 1. and Lawrence's burden was to give the believer a tool to expand his prayer life beyond the limits of merely verbalizing needs to actually practicing the presence of Christ on a moment-by-moment basis. The thirty-one devotionals are comprised of chapters from Murray's original book summarized and given practical application by the writings of Brother Lawrence. Each devotional begins with comments on a specific topic by Murray, then Lawrence's commentary on the subject concludes the devotional. A unique devotional handbook that deserves a wide audience in this newly edited format.

Utilizing his extensive editing and compiling skills, L.G. Parkhurst, Jr. has combined Andrew Murray's small "Secret" book on brotherly love with excerpts from Jonathan Edwards' book *Charity and Its Fruits*. Murray's devotional style is evident and readers may be surprised to find devotional beauty and depth also from Edwards, known primarily as one of America's most important theologians and a fiery evangelist. Both Murray and Edwards show how the Spirit must bear the fruits of love in the Christian's life and how this is possible. Edwards' writing was probably accomplished while he was enduring devastating hatred and persecution in the community where he had pastored a church for twenty-three years. Believers will be encouraged to live up to the example of Christ.

Vibrant devotional reading from two classic writers Both Andrew Murray and Charles Finney wrote and spoke dynamically on the work of the Holy Spirit in the Christian's life. Editor L. G. Parkhurst has taken Murray's classic, *The Secret of Power from on High*, and combined it with insights from Finney's book, *Power from on High*, updating them for today's reader. Murray's primary concern was that the believer bear the fruits of the Holy Spirit in his daily life; Finney's burden was for the believer to experience the gifts of the Holy Spirit. Both writers subscribe to the same conditions for receiving the power from on high. The two combine to form a powerful message to Christians. The thirty-one devotionals begin with a reading on a particular issue by Murray, then Finney's commentary on that issue and a concluding prayer. A unique devotional handbook that deserves a wide audience in this newly edited format.

Here are classic devotional studies by Andrew Murray dealing with the subject of holiness: what is holiness, what does God expect of a Christian, how is holiness obtained, and others. Scholars largely agree that the NT term "mysterion" is a *terminus technicus*, originating from Daniel. This project traces the word in the Dead Sea Scrolls and other sectors of Judaism. Like Daniel, the term consistently retains eschatological connotations. The monograph then examines how mystery functions within 1 Corinthians and seeks to explain why the term is often employed. The apocalyptic term concerns the Messiah reigning in the midst of defeat, eschatological revelations and tongues, charismatic exegesis, and the transformation of believers into the image of the last Adam.
