With 8 colour illustrations by William Nicholson. The Velveteen Rabbit is a children's book by British author Margery Williams. It tells the tale of a small boy who is given a stuffed rabbit for Christmas. Mostly ignored by the child, the rabbit hears from one of the oldest toys that they have the chance to become real if they are loved enough by the children. In time, the rabbit does become the favourite toy of the young boy, but learns from some real rabbits that it meets, that because it cannot hop, it is still not a 'real rabbit'. All this changes however, when the toy is thrown away and meets a fairy. through the love of his owner. The book was first published in 1922 and has been republished many times since. The Velveteen Rabbit was Williams' first children's book. It has been awarded the IRA/CBC Children's Choice award. Based on a 2007 online poll, the National Education Association named the book one of its "Teachers' Top 100 Books for Children." A stuffed rabbit sewn from velveteen is given as a Christmas present to a small boy, but is neglected for toys of higher quality or function, which shun him in response. The rabbit is informed of magically becoming Real by the wisest and oldest toy in the nursery as a result of extreme adoration and love from children, and he is awed by this concept; however, his chances of achieving this wish are slight. One night, after the boy has misplaced his cherished china dog, he is pacified through the presence of the rabbit, who attracts more attention from his owner from then onward as a result, to the extent of his promotion to the position of the child's favorite toy. However, when the toy rabbit's owner contracts scarlet fever, he is prescribed a trip to the seashore and is pacified upon receiving a stuffed rabbit of higher quality as a replacement for the Velveteen Rabbit, which must be burned alongside all of the other playthings due to potential bacteria. Before the rabbit can meet a painful demise, he is greeted by the Nursery Fairy, who transforms him into a living rabbit to spare him from an agonizing fate, as he'd acquired greater affection from the boy than all of the other toys and surpassed all qualifications required. The rabbit accompanies several others in rejoicing, gleeful upon having received his dream.
