Do you love sitting at home playing guitar, but find yourself playing the same old things over and over without making much progress? When other musicians invite you to jam, do you worry that you won't be able to keep up? Are you a veteran guitarist who has played for years, but you're embarrassed to admit you have no idea what you're doing? If you want to take your guitar playing to the next level, compose songs like you hear on the radio, and improvise your own music, then you need Fretboard Theory. Fretboard Theory by Desi Serna teaches music theory for guitar including scales, chords, progressions, modes and more. The hands-on approach to theory shows you how music "works" on the guitar fretboard by visualizing shapes and patterns and how they connect to make music. Content includes: * Learn pentatonic and major scale patterns as used to play melodies, riffs, solos, and bass lines * Move beyond basic chords and common barre chords by playing the types of chord inversions and chord voicings used by music's most famous players * Chart guitar chord progressions and play by numbers like the pros * Identify correct scales to play over chords and progressions so you can improvise at will * Create new sounds with music modes and get to know Ionian, Dorian, Phrygian, Lydian, Mixolydian, Aeolian and Locrian * Add variety to your playing by using intervals such as thirds, fourths, and sixths * Increase your chord vocabulary by using added chord tones and extensions to play chord types such as major 7, minor 7, sus2, sus4, add9, and more * Learn how all the different aspects of music fit together to make a great song * See how theory relates to popular styles of music and familiar songs Fretboard Theory will have you mastering music like a pro easier and faster than you ever thought possible. Plus, it's the ONLY GUITAR THEORY RESOURCE in the world that includes important details to hundreds of popular songs. You learn how to play in the style of pop, rock, acoustic, blues, and more! This guitar instruction is perfect whether you want to jam, compose or just understand the music you play better. The material is suitable for both acoustic and electric guitar, plus it features many references to bass. Level: Recommended for intermediate level players on up. Video Fretboard Theory is also available as a 21-hour video series that is sold separately on the author's GuitarMusicTheory.com website. "Guitar Arpeggio Handbook" is a 120-Lesson Guide to Arpeggios. Arpeggios are one of the most exciting, great sounding, and fun elements of music. If you have ever played or listened to the beginning of "Stairway to Heaven", "Sweet Child O' Mine", "Cliffs of Dover", or "Wanted Dead or Alive", you have some experience and understanding of arpeggios. Put simply, arpeggios are chords where the notes sound one at a time, rather than simultaneously.

This new method for guitar is a collection of progressive arpeggios written with a contemporary sound. It is devoted to beginners who want to approach the world of acoustic fingerstyle guitar with enjoyable learning, thus avoiding boredom in the study of old classical guitar methods. The method can be used both with a teacher and by the self-taught; in fact free YouTube video tutorials are available for each arpeggio, in separate and closeup views of both hands. As you progress in the study, you will find that each arpeggio is not just a simple exercise, but is actually a pleasant mini-composition designed to satisfy the modern "ear" of the 21st century student. Learning and fun are assured; good study!
