Listen to its haunting, angelic sound After centuries of life, the Vampire has just two passions left: blood and music. The blood of innocents is plentiful and easily attained—it is his other passion that torments him. Many years ago he owned and lost a violin that sang with the voice of the angels. Now this unearthly monster will do anything to press the instrument once more against his neck. As it summons a hellish creature of the night Maggie O'Hara was a talented if unremarkable violinist—until the day her grandfather gives her a violin he had brought home from World War II. For fifty years the magnificent instrument sat untouched in an attic, but from the moment Maggie hits the first note, her playing is transformed. With this remarkable violin in her possession, all of her dreams are eerily becoming reality. But she has no way of knowing that a nightwalker is tracking her down—and that he has every intention of taking back, through bloodlust and terror, what is rightfully his. . . . THE VAMPIRE'S VIOLIN

The Tipbook Series books are handy, accessible, thorough and convenient guides for players who want to get the most out of their instrument. They are written in collaboration with and proofread by musicians, teachers, technicians and other experts - for beginners, students and advanced players. Features include: lessons, teachers and practicing * all jargon explained * basic background information * price indications * the history and the family of the instrument * and more. The flute and piccolo book covers topics such as selecting and play-testing flutes and piccolos, choosing headjoints, playing tips, maintenance and more. "Highly recommended for flute players of all levels." (Matthew Bright, Flutewise) "The Tipbook concept is excellent. These attractively presented little books show clear layout and accessibly short paragraphs. The layout and information are clear and concise." (Australian Music Teacher Magazine)

This book of parent-to-parent advice aims to encourage, support, and bolster the morale of one of music's most important back-up sections: music parents. Within these pages, more than 150 veteran music parents contribute their experiences, reflections, warnings, and helpful suggestions for how to walk the music-parenting tightrope: how to be supportive but not overbearing, and how to encourage excellence without becoming bogged down in frustration. Among those offering advice are the parents of several top musicians, including the mother of violinist Joshua Bell, the father of trumpeter

Wynton Marsalis, the parents of cellist Alisa Weilerstein, and those of violinist Anne Akiko Meyers. The book also features advice from music educators and more than forty professional musicians, including Paula Robison, Sarah Chang, Anthony McGill, Jennifer Koh, Jonathan Biss, Toyin Spellman-Diaz, Marin Alsop, Christian McBride, Miguel Zenón, Stephanie Blythe, Lawrence Brownlee, Kelli O'Hara, as well as Joshua Bell, Alisa Weilerstein, Wynton Marsalis, Anne Akiko Meyers, and others. The topics they discuss span a wide range of issues faced by the parents of both instrumentalists and singers, from how to get started and encourage effective practice habits, to how to weather the rough spots, cope with the cost of music training, deal with college and career concerns, and help young musicians discover the role that music can play in their lives. The parents who speak here reach a unanimous and overwhelming conclusion that music parenting is well worth the effort, and the experiences that come with it - from sitting in on early lessons and watching their kids perform onstage to tagging along at music conventions as their youngsters try out instruments at exhibitors' booths - enrich family life with a unique joy in music.

It's the leading instrument in the orchestra, and also the fiddle that puts the swing in country music--and when it's electrified, the violin is great for jazz and rock, too. With this introduction, everyone can experience the joy of playing. The lessons begin with an anatomy of the violin and bow, and continue through a presentation of the positions on the fingerboard, a discussion of dynamics and tempo and tips on preparing the instrument, positioning it, and tuning it. Beautiful pieces to play range from Brahms's *Wiegenlied* to Scollay's Reel, a traditional Irish folk tune.

"Do you want music in your life or your child's life? This book will help you get off to a good musical start. It provides guidance on: When to start music lessons, establishing motivating musical goals, how to decide which instrument to learn first, popular first instrument choices-how and where they're played, special considerations, buying and maintenance tips. It also includes Shopping for your instrument, how to find the best teacher or music learning program for you, how to get the most out of lessons and practice, performing with confidence, how to keep progressing musically, and how to be an effective music parent."--Back cover.

The Daily Telegraph Guide to Investing is your complete guide to the reliable opportunities and exciting niches that could help you boost your bank balance and make the most of your cash pile. The world of stocks, shares and investments can seem intimidating but, with the right information at your disposal, you will be able to work out how best to protect and boost your savings. Whether you're a total beginner or a more experienced investor keen to learn about some new options, this easy-to-understand guide covers many of the various asset classes and alternative investments that are currently available to you. Each investing opportunity is assessed for levels of risk and potential of returns, from the safer options (including bonds, equities, ETFs, gold and property) to the riskier (including buy-to-let, FOREX, cryptocurrencies,

futures and options). The Daily Telegraph Guide to Investing gives you the straight-forward advice you need to make sensible decisions about your hard-earned wealth. From the glamorous (including fine wines, whisky, classic cars) to the quirky (including lego, stamps, memorabilia), this guide will give you a firm understanding of investment principles and what to look out for. Technical terms and phrases are all made clear and full guidance is provided on the potential pitfalls, dangers and scams that can face investors.

Drawing on the principles of Francesco Geminiani and four decades of experience as a baroque and classical violinist, Stanley Ritchie offers a valuable resource for anyone wishing to learn about 17th-18th-and early 19th-century violin technique and style. While much of the work focuses on the technical aspects of playing the pre-chinrest violin, these approaches are also applicable to the viola, and in many ways to the modern violin. Before the Chinrest includes illustrated sections on right- and left-hand technique, aspects of interpretation during the Baroque, Classical, and early-Romantic eras, and a section on developing proper intonation.

Throughout its history the violin has had a mystique with many curious beliefs. This book, now available in paperback, offers an explanation, without assuming any scientific background, of how a violin produces sound, and of how that sound causes what we hear. This explodes many of the long-standing myths. It also shows there is no place for modern technology in making or playing. Practical advice for players and parents is included.

An compendium of lefthanded fiddling and violin lore, by Ryan J Thomson: This book documents the experiences of over 100 people who play lefty violin, including top professional folk fiddlers, chamber music players, and concert violinists. There's a chapter on where to find a left handed violin or get a right handed fiddle converted to left, including a list of violin makers who are happy to oblige lefty players. Included is a critical analysis of why - It's better to bow with your dominant hand, whether you are a right or left handed person! The myth of the "left hander's advantage in playing right handed" is debunked with numerous logical and common sense arguments! This approach can be applied to viola, cello, and other string players as well. Violists, cellists, and other stringed instrument players can take best advantage of their body's natural inclination, strength, and coordination

Discusse properties and the training of string players and traces the historical development of the violin and the viola. A comprehensive guide to the Suzuki violin literature containing many illustrations. Widely used internationally by both teachers and parents, this newly revised edition contains musical examples which have been inserted for all of the suggested exercises for ease of reference. In addition, an entirely new chapter has been added called "Practice Can Be Fun" which includes material from speeches the author has given at institutes to children, parents and teachers. There are stories on practicing which can be read to children.

(String Letter Publishing). Here's the book that should have come with your violin! Written by a team of leading instrument makers, repairers and musicians, this is the one comprehensive guide to selecting, understanding, preserving and protecting any violin, from a modest fiddle to a priceless Stradivari. Richly illustrated with photographs and drawings, it covers topics including: selecting the proper instrument and bow, understanding common repairs, finding the right maker, guarding against theft, getting a good setup, protecting your violin, choosing a case, and more.

Learn to Play Irish Fiddle is a book and two CD set that introduces the absolute beginner to the great traditional fiddle music of Ireland, going right from the basics of how to hold and make the first sounds on the instrument - through specially composed, manageable tunes in the Irish style - right up to playing traditional reels, jigs and other dance tunes from the traditional repertoire (the specially composed tunes bridge the gap between the basics and the traditional music). Embellishments and techniques that make good Irish fiddle playing so infectious, such as rolls, cuts, triplets and slides are gradually introduced. the student will also become familiar with some of the more advanced ideas concerning playing Irish traditional music such as variations and dynamics - subjects which are covered in greater detail in "Irish Fiddle Playing: A Guide for the Serious Player" book/CD sets by the same author. Useful appendices and a cross-referenced glossary are also included. The accompanying CDs contain all the tunes in the book (played at a slow tempo) plus many exercises. There is NO NEED FOR ANY PRIOR MUSICAL KNOWLEDGE in order to use this book. Each

aspect of playing and theory is covered in an accessible and manageable way.

Art Collecting: A Beginners Guide Art collection is a very stimulating and inspiring hobby for all. It isn't just for the rich and famous, but even regular everyday people too. There are various forms of art that you can choose from, especially since art's definition can greatly vary from one person to another. However, it doesn't really matter whatever its form is, you're the one to make the call on which is attractive and how much are you willing to spend for such piece. Buying and collecting art intelligently can be done by anyone. That's right, anyone. You do not need to have experience in collecting art, previous knowledge about the art business, or even a degree in art history. The truth is, all you'll need is love for and appreciation of fine art; plus a yearning to collect; lastly, willingness to learn a some simple techniques that would help you evaluate any kind of art work coming from any period of history, whomever the artist is and whatever his or her nationality is.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

This book is your one-stop-shop resource for learning how to get your child on the path to learning a musical instrument. The author has put together a book that will save you time, money, and ensure that your child avoids failure and maximizes the most benefits from learning music.

At seven years old Min Kym was a prodigy, the youngest ever student at the famed Purcell School of Music. At eleven she won her first international prize. And at twenty-one, she found "the one," the violin that would transform her life: a rare 1696 Stradivarius. Her career soared. She recorded the Brahms concerto and a world tour was planned.

The collection includes exclusive, one-on-one interviews conducted over the past six years with 27 of today's best-known violinists (plus one conductor/composer): Hilary Hahn, Joshua Bell, Sarah Chang, David Garrett, Anne Akiko Meyers, Ruggiero Ricci, Maxim Vengerov, Nadja Salerno-Sonnenberg, Gil Shaham and Adele Anthony, Rachel Barton Pine, Nicola Benedetti, Anne-Sophie Mutter, Zachary DePue, James Ehnes, Simon Fischer, Augustin Hadelich, Janine Jansen, Leila Josefowicz and Esa-Pekka Salonen, Philippe Quint, Tasmin Little, Elmar Oliveira, Stanley Ritchie, Lara St. John, Philip Setzer, Clara-Jumi Kang and Judy Kang. It's a celebration of one of the world's most enduring instruments, and the people who are helping carry forth the violin's legacy into a new generation. "The Violinist.com Interviews: Volume 1" includes a foreword by Grammy Award-winning violinist Hilary Hahn, who writes, "Laurie addresses topics that are comfortable but all-consuming, such as current projects, and delves into the delicate nuances of creativity. She captures specific moments in time. I love that. In this collection, you can observe her at work, but you will also travel along with her interview subjects."

A MASTERFUL BOOK ABOUT BREATHING LIFE INTO ART AND ART INTO LIFE "Stephen Nachmanovitch's The Art of Is is a

philosophical meditation on living, living fully, living in the present. To the author, an improvisation is a co-creation that arises out of listening and mutual attentiveness, out of a universal bond of sharing that connects all humanity. It is a product of the nervous system, bigger than the brain and bigger than the body; it is a once-in-a-lifetime encounter, unprecedented and unrepeatable. Drawing from the wisdom of the ages, *The Art of Is* not only gives the reader an inside view of the states of mind that give rise to improvisation, it is also a celebration of the power of the human spirit, which — when exercised with love, immense patience, and discipline — is an antidote to hate." — Yo-Yo Ma, cellist

The beginner's guide to learning the violin — for any musical style *Violin For Dummies* helps you teach yourself to play the violin, even if you've never read a note of music. From choosing the right violin for you to playing a variety of musical styles, this book has you covered. You'll start with the basics of posture and bowing technique, learn how to tune your instrument and keep it in beautiful condition with regular maintenance. You'll learn how to read — and feel — the music, and how to inject your own personality into whatever you play. Before you know it, you'll be playing classical, jazz, country, and more, as you become a bona fide violin player. The included audio and video instruction encourages you to play along as you learn, and allow you to hear, see, and imitate proper technique. The violin's small size, portability, and mimicry of the human voice have made it popular across cultures and throughout time. This book shows you how to teach yourself the basics so you can start playing quickly. Start with the basics of proper hold and bowing technique Learn how to properly tune and care for your violin Understand the nuances of rhythm and musical notation Play classical, jazz, and other popular styles of music The violin has a reputation of being difficult to learn, but the reality is that it's difficult to master. Anyone can learn, and practice over time will refine your technique and your musical style. You'll have fun, make music, and maybe even fall in love with this instrument that has inspired some of the world's best musicians and composers. Get started today, the easy way, with *Violin For Dummies*.
